Respected Dr. Hardikar,

I am enclosing herewith a letter regarding my project of the compilation of the reminiscences of Lala Lajpat Rai, the lion of Punjab and the stormy petrel of Indian politics. I request for your valued contribution.

I have read your book 'Lala Lajpat Rai in America' with great interest and profit. I request for a special contribution from you suited to the purpose of the present work, viz., personal reminiscences of Lalaji. You had the rare privilege of the closest association with Lalaji, therefore, there can be none more competent than you to write his recollections and memoirs of Lalaji.

I hope you will appreciate my project. I request you may kindly bless it and send your esteemed contribution.

It has been possible to obtain your address through the courtesy of Shri R. R. Diwakar.

With profound regards,

Yours sincerely,

I thank you for your letter dated the 17th instant. Although I knew that you had acquired 80 but was not very sure about your 81st birth date. Kindly accept my heartiest congratulations on this auspicious occasion. I pray that you may live 100 years and continue to serve the cause you have nearest your heart. I had some talk with Shri K.K. It was a nice gesture on his part. This proves there is always appreciation for good work.

My dear doctor Saheb,

I am very grateful to you for your kind letter sent with my son, Ch. Srinivas. I was very glad he met you to receive your blessings.

It was a great pleasure to read your letter. Immediately after I left my College, you offered me work. Now in the evening of my life, you are again ready with another offer. I am deeply aware of the feelings you have towards me, my wife and children. Placed as I am, I have to be careful about what I do at this age. I have some local offers and I am inclined to accept them even if very small, provided they suit me. If they are all unacceptable to me, I shall write to you.

Dear Doctor,

your kind card to hand. After many postponements I decided to come to you & seek some peace. But fate willed against it. At the last moment, I took ill. For the last two years, I am undergoing hell. you know & wanted to retire & make peace with my creator. Hate conspired & I came back to journalism. When I meet you I will tell you the details. I as usual expanded the press year by year & to-day it is pressing against me to pulp. I am not losing money, but it has grown to big proportions, and I am not able to manage it to my satisfaction. As you know I feel blunt when it is run inefficiently. My frustration is causing more damage.

That is why I want to sell the whole thing as a going concern. I have not been successful so far. All this story I will tell you when I come to Ghatapraba.

God willing I will be there before the end of the month. I would like you to come with Shri Venkataramaiah, but I am not able to contact him.

With affection and kind regards,

Yours Sincerely

My Dear Doctor Saheb,

Many thanks for your kind card. I do not know how to express my gratefulness for your affection. I shall meet you at Ghataprabha and we may then talk things personally. In the meanwhile, I have a favour to request of you. In my last letter, I mentioned that I would request your help in the matter of getting my son fixed up. He has applied to Messrs. Kirloskar Electric Company Ltd., Bangalore for a job. On the 8th instt., Sri A.R.Diwakar took him and introduced him to Sri R.L.Kirloskar. Shri R.L.Kirloskar has promised to look up the case.

As a next step, Sri K.V.Srinivas has to go and meet Sri Ravi Kriloskar personally. On that occasion, I would like him to go with a letter of introduction from you. I am now therefore writing to request you to send me letters of recommendation - one to Shri R.L.Kirloskar and another to Sri N.W.Gurjar. I am herewith sending an application along with copies of Marks cards, which will give you all information as a basis for writing the recommendation. You may also send the application directly to Sri Ravi Kirloskar along with your letter.

Please send the letters of recommendation by return Mail. I shall again write to you. All are well. My wife and children convey their pranamas to you and Smt. Gangutai.

Once again requesting you to do all that you can to get Ch. K.V.Srinivas fixed up.

My dear Doctor

I have your card. I am very happy that you have improved in health and are as busy as ever in coining your valuable time, energy and experience in solid services to the people round about.

I came here yesterday and would be going to Hubli on or about the 20th.

I have every chance to meet you at the station as usual.

Regarding the book by Shri Ramdurgakar, I had absolutely no time to look into it. Since the printing cost has gone up, we have to be very careful in taking up publication of books.

I had asked Shri K.A. Venkataramayya to join me in my work in Bangalore, but, it was not possible for him, as he had taken up work with Shri B.N. Gupta. This was not in S K but for other ...

I have decided to expand the work of Loka Shikshana Trust and raise some money for it. I am sure you will all be with me in this venture. We are about to order a new machine, which would cost Rs.11 lacs.

Regarding my health, I have got myself examined before about a week. Medicines have been prescribed for keeping diabetes under control.

Kindly remember me to Dr Vaidya and other colleagues working there.

Dear Dr. Hardiker,

Your postcard is thankfully acknowledged. I am as hale and hearty as ever. I continue to work as usual. I hardly have time for frivolities or gossips. In the whole political upheaval I remained undisturbed and I did not involve myself in any controversy. Days are changed indeed; we have to change also or we shall be a dumb witness to all that goes on. Let us hope country's future will not be at stake, come what may. Things will certainly settle down in due course and the dust that you find around will also subside to give place to stability and progress.

This is my hope and I feel it will retain my peace of mind. Kindly let me know how the K.H.I. is growing. I have today replied Dr. Vaidya's letter. I am sure as long as you are there things will always remain straight and growing.

You have my best wishes and regards always.

Sir,

Many thanks for your letter dated 17th inst.

We require an article by you on your reminiscences of Gandhiji. Our centenary supplement will not be complete without your article. We have not followed question-answers style in this case except in the case of late Shri K.S. Hardikar's interview recorded by A.I.R. Long back. We are reproducing same.

I therefore earnestly request you to send us an article of about 3 or 4 foolscap half sheets and oblige.

It will be very convenient if the article reaches us by 23rd or 24th inst.

Our supplement is already under print & hence it must be complete in all respects. Hence this urgent request. Kindly do the needful.

to be exported to foreign markets. But the machinery is quite expensive and the process fairly sophisticated and the negotiations have been quite protracted. Any way I shall be happy to be back. I will try & see you as soon as I can free myself from this 'Samsara' but I want to spend at least a week or two with you. Of course I would love to be any use to you but I think Mr Nimbkar has already told you how I stand. Any way we can go thro all this when I come over to see you. I am really sorry to see the country really go to the dogs and it being vigorously pushed by the dear countrymen with such zeal and gusto that one really starts wondering what is it that we really want. Still all that one can do is hope and work for what one is worth & not give way to despair.

I do realise you are 81 now and that you should get to rest much more than you do. I rember to have sent a telegram just before your birthday. I am sure you must have got it.

I trust everything is in order and that you are not overstraining yourself. Please do look after your health. With very kind regards and pranams

Dear Doctor

To-day Shri Venkatavaradachar has come & joined me in my work. He tells me that you have been pleased to give your approval. I am grateful to you for this. Though I am far away I think with happiness that I was fortunate enough to get your help, when there was nobody to whom I could turn for help.

Though to-day I am free from financial worry this press which I undertook in a weak moment is causing me good deal of worry. Both my magazines are popular & are well circulated. But I have no help to run them. That is why I want to sell the whole thing over which I have invested more than 4 lakhs.

Now that Sri Venkatavaradachar will look after the Press, I will feel a little relieved. It is my desire to come & spend a week with you & see the magnificent organisation that has been built by you. It will be like the old days.

Read in person. With high regards,

Yours Sincerely

I have met Shri Karmarkar and we both had a long and cordial chat on different subjects including the good work that Karnatak Health Institut was doing. I fully agree with the views that you have mentioned in your card. Times are hard and very different, yet those who are determined to fulfil certain missions of life have not to be deterred by such situations as often are faced.

I hope you are keeping best of health. Please do write to me as often as you like. I am sure the hospital is growing faster than ever. You with the help of Dr. Vaidya and Shri Karmarkar are able to put in your best.

My dear Prime Minister,

The Karnatak Health Institute is building a women's ward of 50 beds and it is almost complete. We are also constructing an extention to the maternity centre for an additional 25 beds. It is our ardent desire that you should declare the women's ward open and lay the foundation stone for the maternity extention. Your father late Pandit Jawahar Lal Nehru had agreed to visit the Karnatak Health Institute some time. Unfortunately cruel death snatched away from us. We are anxious that the function shoul come offon 14-11-67 the day of his birth. The K.H.I. will be extremely grateful if you can kindly spare some time to be here on 14-11-67, and declare the ward open and lay the foundation stonefor the extention of the maternity centre.

The K.H.I. is a private missionary institution. It was started by late Sri. Kokatnur 35 years ago immediately he returned from America with an M.D. Except fresh air and medicinal waters the area was a rocky patch of land with absolutely no vegetation. The first few cots and lockers for the Hospital came from sri. Shankar Rao Kirloskar who has permanently settled down here. Today we have a general Hospital with 150 beds, a T.B. sanatorium with 130 beds, a maternity centre with 25 beds, a nurses training centre for 100 village girls, a craft centre for village women, a school for the children of the campus with a Balwadi, quarters for doctors, nurses, and staff of both the general and T.B. sections. There is a village health service which serves nearly 60 villages within a radius of 32 mileswith medicines. The area of the K.H.I consists of 190 acres and we have four bore wells for drinking water. We are trying to be self sufficient in food by growing our own vegetables, groundnut, sugarcane, Bajra, maize, last year we were selfsufficient in Jaggeryand groundnut. We have a common canteen which serves food for 350 people at a time. We have 12 village centres which in turn serve 60 villages with a population of 100000 in the surrounding villages with medical, maternity and social services. K.H.I. is 2200 ft above sealevel, rainfall is 22". Throughout the year you have an excellent stron breeze and open space right up to the horizon. We have good guest house recently built by the help of M/S. Kirloskars and declared open by Sri. Poonacha. You will have perfect peace and rest if you can kindly find some time to come and stay here for a few days. Ghataprabha is a Ry. Stationon the Poona-Bangalore metre gauge line. The nearest airport is Belgaum which is 45 miles from here with a good macadamised motorable road. It will be a welcome change to you after a hectic session of parliament.

Dr.N.S.Hardikar,Sri.Sankar Rao,Lirloskar and Dr.Vaidya, the Chief Medical Officer join me in my request to you. I shallbe highly grateful if you can accede to our request.

With kind regards,

yours sincerely,

डॉक्टर,

आपले कार्ड मिळाले पूर्वी मिळाले होते. येथे येण्याची तयारी करण्याचे कारण नव्हते कागदपत्रे नाही. काही अडचणी असती, पासपोर्ट वगैरे तो करून ठेवून नेव्ह कागदपत्रे नाही. काही अडचणी असती, पासपोर्ट वगैरे तो करून ठेवून गेलो आणि 2 ला सकाळी रानी फुक्वरुन विमानाने आलो. 2 ला सकाळी 9 ला मुंबई विमानाने निघून येथे 9.11 ला पोचलो (तेरा तास) येथे पोचल्यावर पण येथे आलो. विमानतळावर सेवादलाचे व दूतावासाचे लोक आले होते. मी सेवादलाचे अध्यक्ष श्री ठाकरे भाई पटेल यांचे घरी राहत आहे

येथील हवा चांगली आहे. थोडी थंडी आहे तेरा की राहते घरे व परिसर पण स्वच्छ व सुंदर आहे. इमारती अद्ययावत पद्धतीच्या आहेत. माणसांपेक्षा मोटारींची रांग फार. त्यामुळे motor parking चा प्रश्न इथे सगळ्यांना सारखा दिसतो. येथे जे व्यापारी माल त्यांना व्यापार करण्याचे पुष्कळ scope असल्यामुळे तरुण इंग्रजी जाणतात आहेत व त्यांच्यात अनेक प्रकारची inclination व unemployment ची भावना आहे. पण हे स्वाभाविक आहे. स्वातंत्र्य मिळाल्यानंतर सर्वांनाच आफ्रिकन लोकांना chances ज्यांच्या हिंमतीवर कारभार देश त्यांचा आहे. सरकार त्यांचे आहे बहुतांशी वरून त्यांना वरचेच सहन करावे लागले आहे. मतदार आफ्रिकन हितकारक व दुकानाच्या मालकीच्या जातीचा असला तरीही, तेव्हा आता त्यांचा काळ आला आहे. सगळ्या राजकारणात आफ्रिकेचे पूर्ववैभवाचे महत्व राहील. हे लोक सामाजिक हितसंबंध जपतात. त्याच प्रमाणे राजकीय हितसंबंधावर कायदेशीर काम करतील.

मला इथे निश्चित कार्यक्रम सुचत नव्हता. यायचा विचार येथील लोकांनी असे सांगितले की "तुम्ही काही दिवस आमच्या सहवासात राहावे म्हणजे तुम्हाला आम्ही कोणते काही कोणतेही दिवस राहावे तितके आम्हास पाहिजे ते मिळतात 2-3 महिने राहा. मी एक महिन्याचे कार्यक्रम जास्त राहू इच्छित नाही. माझ्याकडे महत्वाचे 2-3 महिने राहा. मी एक महिन्याचे कार्यक्रम जास्त राहू इच्छित नाही. माझ्याकडे असलेले काम करून घ्यावयाचे असेल तितके, पार्लमेंट घ्या असे मी त्यांना सांगितले. खरे असे आहे की तितक्याच प्रमाणे इकडे पण दलाचे काम वाढण्यास अनुकूल वातावरण नाही. त्याचा विचार करावयाचे आहे.

इकडील काम. डॉ करता येथे राहणे आहे. आनंदाने करण्याचा प्रयत्न करत आहे

प्रकृती चांगली आहे. विद्यार्थी पण सर्वजण बरे आहेत

श्री [illegible] यांचेकडे आपण केलेली तक्रार व त्याचा पाठपुरावा याबाबत आपणास
दिली आहे.

डॉ. वैद्य, विभाग प्रमुख, रसायनशास्त्र, मराठवाडा मित्र मंडळ महाविद्यालय, औरंगाबाद यांनी दि. [illegible] रोजी आपणास दिलेल्या पत्रानुसार आपण केलेल्या तक्रारीचा [illegible] आहे.

My dear Phebarbhai,

On the 22nd of the last month I had written to you about the disposal of some furniture and other equipments which were stored in your Goa offices As you were in Delhi then - Mr. K Venkatraman of your office acknowledged my letter.

A list of the furniture etc which is now to be disposed off at Margao did come to our hands and we sent our representative to your Margaon office to see the material. He has reported that much of the furniture and equipment he examined needs repairs. Besides this material we are told that there are steel Cup-Boards in your Bangalore depot which are also to be disposed off. We were given an idea about the original cost of the same.

Taking into consideration the yearly depreciation and the present condition of the material I request you to ~~be~~ please see your way through to give the material to this Charitable - Institution either as a gift or at a very lower price.

I am connected with this Karnatak Health Institute - practically from its inception, though, being a political worker, I could not stay here and actualy work with the founder, Dr. Kokatnur, for the last ten years or so I have lived and worked here, heart & soul. I am sure, therefore, you will appreciate if I say that I know the working of the Institute very well and if you give the entire material as a gift, or at a lower price they will make the best use of it for the patients and their attendants.

will you be good ~~enough~~ enough to write to your office in Goa and give them your instructions ? please.

Hoping to hear from you soon

पैरोवीट परत आल्यावर पान्वलकरांची दोन पत्रे मिळाली असतीलच. आपली प्रकृती कशी आहे?

१) पुस्तकांच्या विक्रीचा प्रयत्न सुरू केला आहे. शक्यतोवर लोकर ती विकत पैसा पाठवा करणे जरूर आहे.

२) आपल्याकडे पंडितजींचा पत्रव्यवहार आहे. तो वाङ्मयाकारी झाल्यास त्याच्या छापण्याची व्यवस्था करावयाची आहे.

३) माझे कॉलेजचे अनुभवावर आधारित पुस्तक पूर्ण करण्याचा सुरवात करत आहे. येथील आर्थिक अडचणी दुर्दैवाने समाचार कितीदेवक चालेल हा प्रश्न आहे.

येथील स्थिती बद्दल वर्तमान पत्राकडून कळत असेलच. कृष्णमेनन यांची उत्पत्ति झाली होती पण ती फिस्कट - टली. आजच्या C.W.C. च्या संमेलनात काय होते ते पहावयाचे आहे. यासंबंधीत संवादकांनी काय करावे असे कार्यकर्त्यांकडून विचारले जात आहे. त्याचा उहापोह करून एक परिपत्रक पाठवले आहे. त्याची कॉपी आपणास मिळावी असेलच. मतभेद स्वरूप तत्त्वापेक्षा व्यक्तिगत पातळीवर गेल्याने पक्ष गैरसमजूत व अंकुशाविषयी गैर विचार यांनी वातावरण ज्यास्त दूषित होत आहे. शिवाय अंकाचे पारंपरिक संपादक व मंडळाकडून अंकणारे लोक काही कमी नव्हेत. गोष्टी इतक्या थराला गेल्यावर वाचकांची अंकाच्या पेक्षा अंकदा काही खरी संपादकीय [illegible]

मतैसाक वस्ती वर हेच वातावरण पुन्हा पुन्हा वर येण्याचा संभव आहे. कार्यक्षम लोकशाहीकरीयता येण्यासाठी "अंकविचाराचा" आग्रह धरणे आवश्यक आहे असे वाटते. मतदार इलाका की लोकांना भीती वाटते. त्या दृष्टीने होयबा झालेले आहेत. ही स्थिती बदलली पाहिजे असे वाटते. येणार नाही. उत्तरणीस लागलेल्या लोकांनी देशाच्या हिताचे व्यापक आदर्श डोळ्यावर ठेवून व आपल्या जबाबदारीचा विचार करावा ते सहजतेने होणार नाही. ही अगतिकता असली तरी स्वीकारून मोकळे होण्यासारखे आहे.

परीसर आनंदात आहेत. सुरक्षित असे त्यांचे घर आहे.

आई.

प्र. डॉक्टर

येथील आजतागायत च्या पडाझोडी आपण रेडियो व वर्तमान पत्रावरून करत असलीच. काल पार्लमेंटरी पार्टीच्या सभेत इंदिराजींचे मताधिक्य झाले. १७ तारखेस पार्लमेंटरी पार्टी पद च्या फारशी गडबड होऊ देणार नाहीत त्याच प्रमाणे ता. २२ · २३ ची A.I.C.C. च्या सभेत पद बरोबर A.I.C.C. ची सभासद इतर राहतात आपले मताधिक्य असल्याचे दाखवतील परंतु सिन्डीकेट या पक्षी कोणतीच गोष्ट स्वीकारणार नाहीत. कांग्रेस सोडून कोणीच जाणार नाही दोन्ही पक्ष कांग्रेसवर आधिकार सांगतील ता. २२ च्या सभेनंतर A.I.C.C. office या बाबतीतही प्रयत्न झाल्याशिवाय रहणार नाही. दोन्ही पक्ष हट्टास पेटल्या सारखे आहेत. पुढे मार्ग काय असेल याची आपण कल्पना करू शकता. दोन्ही पक्षांनी हाणण्याचा प्रसंग आला तर संविधानात काय करावे? वैधानिक दृष्टीने त्यांचे हातात A.I.C.C. असल्या मुळे त्यांचे ताब्यात संविधान असल्या मुळे दोन्ही पक्ष वैधानिक दृष्टीने ऑफिसेस आपल्या करत असताना आम्ही काय करावे संविधानात साधारण धोरण ~~कोणतीही~~ कोणतीतरी निर्णय होई पर्यंत ~~कोणत्याही~~ दोन्ही पक्षा पासून हर रहाण्याचेच दोघांचे कार्यालय पद हे किती वेळ चालू राहिले हा प्रश्न आहे. त्यातच दोन्ही बाजूने प्रेशर येण्यास सुरवात झाली आहे व त्याचा आपले कार्यकर्ते किती दिवस इकडे आगरातेकडे जोडून धरू शकतील हा प्रश्न आहे. तेंव्हा आपला या बाबतीत काय विचार आहे?

ही अशी सांगावी संधी आहे की संविधान बुडाल्याचा व कांग्रेस कमेटीच्या ताटाखालीचा पाट बनून रहाण्याचा व काम संघटनेची व्यवस्था करणारे स्वयंसेवक म्हणून न रहाण्याचा निश्चय करण्याचा.

पण त्या बरोबर ह्ही असते की हे आपल्या पेक्षा वेगळी ओळख ठेवून
राहतील!

मला वाटते हा so called अरुण साधू राष्ट्रीय affecal complex
अशी फारच लाईन राहील. तेव्हा जर बहुमती काँग्रेस च्या
हातात A.I.C.C. (अखिल भारतीय) आली तर सेवादल संघटनेवर
ही काय दोरच ठेवावे.

सेवादला पुढे प्रश्न आहे - (१) ज्याने हातात काँग्रेस त्याने बरोबर
काँग्रेस बरोबर जावे या स्वतंत्र राहावे (२) नेहरूजींच्या मृत्यूनंतर
सिंडीकेटची विचार धारा स्वीकारणे (३) इंदिराजी मृत्यूनंतर
इंडीकेटची विचारधारा स्वीकारणे (४) राजकीय पासून दूर राहून
स्वतंत्र असे संघटन पाहावे. आपणास काय वाटते?

माझ्या पुढे वैयक्तिक प्रश्न आहे माझ्या काँग्रेस ही विरोधात सेवा
दलाची असलेल्या इतक्या वर्षांच्या संबंधाचा त्याच प्रमाणे त्यावर
अवलंबून असलेल्या लोकांच्या सहकाऱ्यांचा आणि दीनाचा पडलाचा
नसला तरी A.I.C.C. वर अवलंबून असलेल्या प्रपंचाचा.
प्रश्न सर्वांनी बरा आहे.

पू. डॉक्टर,

A.I. CC. ची बैठक, नवीन अध्यक्ष वर्किंग कमेटी वगैरे बद्दल नागपूर वर्तमानपत्रात वाचलं असेलच. आता दोघांचे दोन मार्ग निवडायचे आहेत. प्रत्येक काँग्रेसजन आता ठरवायचं आहे की स्वतःला कोणत्या बाजूस आहे. प्रत्येक जिल्हा विभागची ताकद आहे. संवादकाचे पण असेच होईल याची भीति वाटत आहे. महाराष्ट्राचे संवादक इंदिराजींच्या पक्षात तर गुजरातचे विरोधी (Office) पक्षाचे होण्याचा संभव आहे. ऑलइन्डिया काँग्रेस कमेटीचे काय होते ते पहावयाचे आहे. कोणीतरी अनेकांचा ताबा घेतील व दुसरा पक्ष दुसरी ऑलइन्डिया काँग्रेस कमेटी भी करतील! आम्ही काय करावे? मी असे ठरवले आहे की नवीन काँग्रेसचे कार्यालय जबरदस्तीने आणून तेथे तात्पुरते ताबापत्रिका तार त्यांच्याच मार्गदर्शनाखाली काम चालवावे. पक्ष पत्रिका तार! त्यानी स्वतंत्र कार्यालय दुसरीकडे घेऊन कोणतेही तार रूप नाही व तार-रूप नाही. तोंडा ते ऑफिस स्टाफ वगैरे कमी करण्याचा प्रयत्न करतील. इतक्यात नाही तरी काही दिवसांनी.

आंतरभारती जुन्या काँग्रेसच्या ताब्यात राहिले तर संवादकाचे केंद्रीय मार्गदर्शन कमीत कमी १४ प्रदेश काँग्रेस कमेटीच्या संपूर्ण पणे बाहेर असतील! आणि उरलेले ३-४ पक्ष तटस्थ राहतील. A.I.C.C. च्या स्वतंत्र असतील. डिसेंबर अधिवेशन होणाऱ्या कुठल्या अधिवेशनाला महाराष्ट्राचे संवादक काम करील तर सूरत येथे होणाऱ्या अधिवेशनाला गुजरातचे संवादक काम करील. आपले पक्षाचे कार्यकर्ते जास्तीत जास्त इकडे ठेवण्याचा प्रयत्न करतील. तेथे नवीन संवादक दुसरे कोणी असतील. तोंडा संवादक इकडे ठेवले तर वादविवाद होईल व विसंवाद दिसेल तर दुसरे गुजराती! स्वतंत्र करावयाचे म्हटले तर सर्व गोष्टी नवीन उभारण्या लागतील! शिवाय त्याना कार्यालय व आकर्षण काही नाही यशवंतराव यांना भेटले होते. त्यांचे बरोबर काय बोलणे

पण तर त्यात काही स्पष्ट रकाने नाहीत. फक्त दोन ओळी प्रमाणे वाचला शिवाय दुसरा उपाय नाही.

A.D.C. ऑफिसमध्ये पण त्यासंबंधी लोक उंदिरासारखे पहात आहेत. तो एक तक्ता स्वतंत्र ऑफिसमध्ये सुरु झाला आहे. म्हणजे वारंवार येणाऱ्या जनतेला त्रास देण्याचा अधिकार पण न्यायालयाने दिला आहे. येथील लोकांची सहनशीलता ऑफिसच्या पथ्यावर आहे. काही नवीन गोष्टी न्यायालयात आहेत. नवीन गोष्टी मोपा घेऊन ऑफिसच्या तोंडाला फेस आल्याशिवाय येथे पोलीस पहारा ठेवला आहे. म्हणजे हे प्रकरण शेवटी कोर्टात जाईल.

परीक्षेविषयी वर आहे. आपली प्रकृती कशी आहे?

Dear Dr.Hardiker,

Thank you for your letter of 27th February 1970.

When I met Mr.Nimbkar in Bombay, I had told him that I would try and visit your Hospital in Ghataprabha after attending the 75th Anniversary Celebrations of the Miraj Medical College. Unfortunately, I have to attend an important meeting of the Selection Committee for selecting Professors, Associate Professors etc. for the Postgraduate Institute for Medical Education and Research, Chandigarh on the 13th March 1970. As this date cannot be changed, it will not be possible for me to go to Miraj and to Ghataprabha. I have tentatively planned to visit Ghataprabha on Sunday, the 29th March 1970. Unless something very important keeps me in Delhi, I shall be able to make it. I tentatively plan to leave Delhi for Bombay on the 28th evening and be in Ghataprabha on the 29th and return to Delhi on the 30th evening.

With kind regards,

Yours sincerely

My dear D

It was quite a few days ago that I had your letter. I am sorry about the delay in writing you. I trust you are well and the weather is still pleasant in your part of the world. I understand it is still pleasant in Bombay. This is a bit unusual but it is nice that summer heat is a bit further away. We are hoping spring will start shortly, this time we have had more snow in London area, than usual. Northern areas had a lot of trouble because of snow. I use to think, on the continent they have a lot more snow and there services like the bus train etc seem to work all right, why not here. I believe it is dry snow they are able to disperse it, also drive in it. It is a dry cold, so healthier.

I understand Jayanni's daughter's wedding went off alright. I got the photograph. My brother has changed very little he has lost the black crop of hair. The girl has grown up to be a nice young woman, I am pleased the things went off OK. I would not have been able to come to the wedding. As I was not able get much leave it was not worth coming for the few days and think of returning immediately. I have a training with Kodak for a month from end of April. So what ever leave I could get I have kept it for that reason.

I am trying to decorate, white wash my room. I am trying to do so many things at one time that my room is full of things, left everywhere. I can do somethings only in the evening and it takes longer to finish it. It will keep me occupied.

Work is O.K. We are getting busier everyday. The rooms we have is not enough. We have to work longer & Staff is short. There and it is so in all hotels.

medicine. There are quite a few Indian doctors here. I don't know any of them except to say hello. There is a place called Ashford Hospital and I understand majority of the staff is made up of outriders and quite a lot of Indians. I may be able to think of some changes after about 3 mths. See how things go.

I had a letter from Chi Narayan. Things are OK. There. He is busy with various paper work and buildings of his new factory. He tells me progress is rather slow and in a way there is very little one can do. Wait & see is the answer. Do LOOK after yourself.

Love & Best wishes

April 6, 1970.

Respected Doctor Sahib,

I am most grateful to you for your kind letter of the 31st March. I can not express my joy which I feel when ever I hear from you or hear news about your good normal health. I really feel sorry for Shri T. Siddalingayya and more so he is not a monied man like others. Actually he needed a little comfortable and care-free life now after a life long social service. I have suggested to him that he must ask for some office as has been done by several others for instance Shri M. Govinda Reddy, our Ex- Member, who could not be accommodated in the Rajya Sabha has been made the Chairman of the Bharat Electronics. Shri Tarkeshwar Pande who was a Member of the Rajya Sabha till 2-4-1970, has been made the Chairman of the Finance Rehabilitation Commission of which Shri Manubhai Shah was the Chairman till recently and there are so many other cases also. I am sure you will kindly advise and help him. It really touched me when he told me that now he will have to travel to Ghataprabha in 3rd Class, as he can not afford a first class travel. I will really miss him as he always used to give me news about your health. Formerly Shri Karmarker and Shri Diwakar used to tell me about you. And now the only friend left in Delhi is Shri Inamdar from whom I can enquire about your welfare. Under these circumstance I will request you to kindly tell me about your health at least once in a month.

As and when I meet Masterji we always talk about you. I hope Raja Behan is keeping good normal health and you regularly hear from her. The days when she, late revered Iyer Sahib, Mama Warerkar and your goodself were in Delhi is only a happy memory now.

Kindly do tell me if ever I can be of any service in Delhi. Please do take special care of your health. I hope your stomach is quite alright now.

With most respectful regards in which my wife and children also join.

Yours sincerely,

My dear Dr. Hardikerji,

I am in receipt of your letter dated 31st march last. Things are abnormal everywhere. Recently I am nominated President of the Delhi Pradesh Congress Committee. It is a big job particularly in the present crisis. I, of course, hope to do my best. Accordingly I am busier than before.

I am glad that Dr. Duraiswami was at your institute for full 24 hours. He is indeed a fine person and I have found him to be sympathetic as well. I am sure he was very happy to have seen your institute and found that it was doing so useful work.

I shall certainly speak to Shri B.S. Murthy about his visit to your institute. But during Parliament session which ends on 20th May, he may not be able to spare time for undertaking the journey and remaining absent from the scene. I shall, of course let you know after I had talks with him.

I am in receipt of your letter dated 24/4/1972. May God bless you with long life to serve our country. You have played your part very well during critical times. Even now, you are not keeping quiet. There are number of things in our country and in Karnataka which have been started by you. Many people take advantage of the institutions which you have started. I may mention the Karnatak Health Institute as one of such institutions you have started during your life time. I have a feeling to meet you personally. I don't know when exactly it will be possible for me to do so. If I come to that side, definitely I will make it a point to meet you personally and take your blessings.

Your ? 6th & April Was very glad to hear from you after a long time. The previous letter was dated 14-7-69 for which I replied on 18.8.69. Apparently, you missed me & your recent letters. In any case, kindly forgive me for the delay.

Am glad to hear that the house has been completed. I am sorry for the delay in paying you the amount Rs 15,000.00/. Much as it is hard to believe, the succession papers have not been completed. The delay in the courts is appalling. So, neither Gitta nor I have the authority to touch the money. Mr. Ramachandran contacted the lawyer in Delhi recently. It seems he promised him that all the court proceedings would be completed in a couple of months. Please be rest assured that the money will be given to you as soon as it is available. Much as I would like to give you the money from here, I do not have that kind of cash. Anna had kept the amount for the house. So I'll have to wait until the proceedings are completed.

Could you kindly inform me what type of house has been built. Is it being used now? Has it been dedicated Anna's name? I would appreciate if you could kindly give me some information regarding more details.

I had sent some slides of baby's various shots with Shanti. Did you receive them? Would you like some more slides of our nature?

How is your health. Hope you are keeping in good health. Please write time often. How is Dr. Vidya. Please convey him my regards.

Chaya and I are keeping good health. She is likely to visiting India this fall for a few months. It's nearly four years since she saw her parents.

Shanti had been to Dharwar. I believe Appi is getting weaker due to age. It's sad to see this happen to deeply religious woman like appi. There is little comfort that any of us can give her.

America is in quite a bit of turmoil. There is inflation and student unrest at one time. There is tremendous [illegible] to U.S. involvement

for the life of me understand why it is taking all this long. Strange as it may seem, Gulbai hasn't kept me informed of all these details. Apparently she cannot keep on a post pleasing me. Hearty dalos however, it should be completed soon. I'll however keep you informed of the details.

PERSONAL LETTER

Dear Brother/Sister,

In my personal letter dated 13th April, I wrote about the cadre base and the intellectual cells. I would like to know your views and attempts made by you in this directior I feel that some pamphlet as a guide in political study are necessary. I wish to introduce a column in Dal Samachar for this purpose. Do you have any one from your pradesh who could help us an this ?

Seva Dal is going to be two pronged organisation, cadre type and a volunteer type. Outstanding feature of each of them will be calibre and number respectively. There will of course be complete co-ordination and lending of the two. I am very much septic that the Seva Dal again may become a mere volunteer corp. We can avoid it only through conscious attempts and hard work.

The Refresher Camps is an attempt to mobilise the workers and not volunteers. You had sent some selected workers to that camp. What are they dong? Do you keep personal contac with them and see that they remain "workers" and not "volunters I would like to have from you individual impressions and report on each worker who attended the refresher camp. Our success in building up the cadre will depend upon how seriously we take the Refresher Camps and the workers attending them. Our capaci and experience is being put to test and we should come out successful. We will have to examine and test each worker and unit in the light of the note "minimum expectation. We may need more and more whole time ABLE workers and they would be

selected from this cadre only. So do not forget to write about such good worker and the regular independent activities.

3rd Refresher Camp

1st to 7th June

I hope that you have the circular about the 3rd Refresher Camp. It is meant for Maharashtra, Gujarat, Bombay, M.P., Mysore and Andhra. Only fixed numbers from these Pradeshes will get one way Rly. fare as usual. You will select the best workers who really fulfill the conditions for the camp. The camp site is a beautiful place and a tourist centre. One will have to get down at Thana (Bombay) Rly. Station and go by bus to Vajreshwari Dt. Thana. You will inform your candidates accordingly. Send the names, at least the number immediately.

Six Monthly Meeting - Simla

This meeting is meant for selected trained Pradesh and District Officers only. One way III Class Rly. fare will be paid. Hill Station Rly. concession return tickets to Kalka would be advisable. The meeting will take place on 11th June, 1970. The number is to be restricted because of high cost and lack of space. All should reach by 11th noon. I want the names at the earliest for approval. Come prepared with full details of the Pradesh activities. We will have general discussions and talks by leaders. We propose to have an All India Rally on Seva Dal Day at one Central Place and also re-organise the All India unit as an Emergency unit. Warm clothes are necessary.

Respected Doctor Sahib,

I am grateful to you for your kind letter of the 10th instant and most pleasant remembrance. You will be glad to learn that by God's grace and your kind blessings I have also built a small house on the Mehrauli Road opposite Indian Institute of Technology and it is absolutely complete now. I performed the house warming ceremony on the 21st instant and with your good wishes it went off very well. About 600 friend including Members of Rajya Sabha, Rajya Sabha Officers and other friends came. I so much wished if you could also be in Delhi to bless us. You will further glad to learn that I am likely to get an Officiating chance of an under Secretary from the 1st June.

I had the privilige of meeting Shri Inamdarji and masterji a few days ago. Yes Masterji has built a beautiful house and he is now free from all old worries. Gopi meets almost daily now and is keeping fine.

Shri D.P. Karmarker was here last week and it is always a pleasure to learn about your good health from friends.

Is there any chance of your coming to Delhi side in the near future.

Pray do tell me if ever I may be of any service to you or to any of your friend.

Dear Sir,

Sub: Requirement of Consumer pump(MS)

I write in behalf of the Karnatak Health Institute at Ghataprabha. The superintendent of your local depot is in direct contact with us and he knows the Institute and its workers fully well. From the very start of this local depot the workers of your Corporation have been in close touch with us and have been meeting us very often. They might have already written to their higher officers in Belgaum as well as in Madras and informed them of the service we are giving here. The superintendent might also have sent you some of our literature.

I now write to request you to give us a Consumer pump (MS) in our own area for our own use. We have a vehicular fleet of ten petrol run vehicles. We are shortly adding a few more to it. At the present moment we are purchasing our requirement from the local Burmah Shell Pump. But for a number of reasons, for getting a regular supply of petrol we wish to stand on our own feet and hence I am writing to you for a Consumer pump.

To-day we purchase about 1500 Liters of petrol every month from Burmah Shell. This requirement will go up shortly as soon as we add new ones to the present fleet.

Your local depot superintendent has discussed this problem with you and I am sure you will find no dificulty in granting us a Pump. I request you to pay a visit to the Institute and see for yourselves the work that we are doing. You will then be convinced of the necessity of a Consumer Pump in our own area. Will you spare some time and come? Just let me know when it is possible for you to do so.

My Dear Manubhai,

Day before yesterday I have received the first issue of the first year of Seva Dal monthly which you are now editing. I have gone through it. Read and seen everything.

Some time ago I had written to my friend and colleague Govardhan saying that I bear no ill will towards anything nor any body. "I love you(Govardhan) as much as I love Inamdar. Both of you have worked with me shoulder to shoulder and served the cause of Seva Dal most sincerely. Both of you have sufered and sacrificed your personal interest in order to build up the Dal Organisation. Along with it your family members also did the same. How then can I forget you and forget him? Just because you two belong to two different camps shall I begin to hate one, side with one and neglect the other? How can I? I shudder to think that Govardhan is enemy of Inamdar or Inamdar an enemy of Govardhan. To me both are mine. I will love both as before and work with both as before. I have nothing to do with either Indicate or Syndicate. To me Seva Dal is indivisible. Unfortunately for the Constitution that was framed some decades ago the P.C.C.s carried with them the Seva Dal branches also. They had to work. Being under their control they had to go with them. What can we do?".

Manubhai, you have worked with Inamdar. You know Inamdar well. He knows you too. Was there no love between you two? How both of you loved each other! And how both of you together built the Seva Dal Organisation in Gujarat and made it strong and loveble by everybody! It was the first of its kind in the whole country. I do not believe that the love you bore to Inamdar is ~~not at all~~ lost; that the affection you showed to him and his family and he showed to you and your family is, I am sure, yet there. To me it will never be lost. Should not be lost. I want you and I want Inamdar to act as brothers-in-arms and not hate each other on account of parties that have most unfortunately come into existence. Nothing of these should count with brothers-in-arms. Please keep that in mind and work.

I want to write again to you on this point. But for the present I stop here. Please note I am sending a copy of this to Inamdar also.

Yours affectionately,

पू. डॉक्टर,

आपले ता. २५ चे पत्र व श्री पुरुषोत्तम यांचे करोकर पान्नवलेले पत्र मिळाले. श्री पुरुषोत्तम यांनी आपल्या कटोची माहिती सांगितली.

ग्रेव्हटफेरा या पुस्तकाच्या प्रती ज्यांचे कडे आहेत त्यांना पत्र पाठवली आहेत. कांहीची उत्तरे आली आहे. राहिले त्या सर्वांकडून लवकरच विचार आहे. या पुस्तकाच्या प्रती इंग्रजी पेपरसना दिल्या होत्या - काही पेपरसना. आपण दिलेल्या तारा पैकी ज्यांना दिल्या नाहीत त्यांना पाठवतो. मका वारले देशातील प्रवरव लायब्ररीयांना विशेषतः विश्व विद्यालयाच्या लायब्ररीना कटहफ्रेट पुस्तक पाठवावे आपणास काय वाटते, रशुरसर्व यांना पण पाठवीत आहे. श्री मागीला यांनी दिल्या प्रमाणे पाठविले आहे.

१९२५-२६ चे Volunteer चे अंग नंदर-कमिटीच्या सर्व सदस्यांना दिले. आपणाजवळ आणखी कांही अधिकृत तारा मका पाठवाव्यात की ते त्यांना दिनांक ता. ता परत करण्यास तयार आहेत. त्याच प्रकारे रोवाडकाचे जुने रेकार्ड त्यांना पाहिजे आहे. फटफुका व इतर फोटोज त्यांना ते प्रत्यक्ष तिथेच काढण्यास ही त्यांना सुचवले आहे, हे फोटोज कागदावर आहेत का?

रोवाडला कॉलेज बद्दल आपण विचारले होते. कांग्रेस अध्यक्षांना रोवाडला आवश्यक करतात वकिलांची मार्गदर्शिका करण्या करता वकीलांचे पॅनेल श्री जोगेंद्रजीत यादव यांचे अध्यक्षतेखाली करावी ही कल्पना चांगली आहे. ती कल्पना तिकडे आहे. फोटोच्या बाबतीत पण तसा सल्ला देता येईल. तसे विशेष नाही.

A.C.C. ची रचना केल्यानंतर हा पिलर आता मोठ्या करण्याची गरज नाही. खोदलेली रचना १ ते तारेच्या पर्यंत बदली आहे A.C.C. करून ही तारा वाढ झालेल्या आहेत. ही बदलण्यासाठी अगदी श्री नंदकुमार यांना मध्यरात्री पण पाण्यात व तिथपर्यंत आहेत. शिरशीला जाऊनही पण पण येतात. तिथल्या R.C.C. ची पंक्ति आहेत.

Foundation ची रचना दयावयाची आहे पण दुरुस्तीला दोन फिनिस्टर ना उन्हात व पाऊसाची पडत नसल्याकारणे ती लोखंडी वर पडत आहे.

हजार रुपया वरील ही सरकारी कार्यालयांची गुंतवणूक (Information minis (u) यांना मान्यता करतांना ती ही रचना वातावरणातील "निसर्गता" "पर्यावरण" कमी होता आहे व लोकांचा गोष्टी पडेगा होत्या गोष्टी कुठेच नाही बदलता येतात व जास्तीच्या गोष्टीचा पाया आहे (विसरलात! काय करत्या येणार) आ. रु. वा. ठेवणार

स्ट्रीम लाईन कमेटी की सिफारिशें

कांग्रेस से सिन्डीकेट के निकल जाने के बाद से कांग्रेस की भावी भूमिका के बारे में हमारे लोगों में एक नई आशा पैदा हुई है। कांग्रेस को अब अपनी आगे की यात्रा में नई नई चुनौतियों का सामना करना है। एक प्रकार की चुनौती दक्षिण पंथी प्रतिक्रियावाद की शक्तियों की ओर से है तो दूसरी दुस्साहसी वामपंथियों की ओर से। कांग्रेस अपने ढांचे के बेजान बोझ को भी, जो कि उसे अपनी अतीत की विरासत से मिला है, अपने साथ आगे लेकर बढ़ रही है। अतः इन चुनौतियों का सामना करने और समाजवादी व्यवस्था की स्थापना की दिशा में सुविचारित कदमों से आगे बढ़ने के निमित्त कांग्रेस को अपने आपको पूरी तरह तैयार करना होगा।

१- कार्यकर्ताओं का शिक्षण:- प्रशिक्षित और कार्यक्षम कार्यकर्ताओं के बिना कोई भी संगठन कारगर तौर पर काम नहीं कर सकता। कांग्रेस में इस प्रकार के कार्यकर्ताओं का अभाव बहुत पहले से अनुभव किया जा रहा है। पार्टी के विभिन्न मंचों पर इस मामले पर कई बार विचार-विनिमय हुआ है, लेकिन अभी तक इस दिशा में कोई ठोस कदम नहीं उठाया गया है। संगठन की बहुत सी कमजोरियां दूर की जा सकती हैं यदि हम कांग्रेस के कार्यकर्ताओं के प्रशिक्षण का कार्यक्रम गम्भीरता पूर्वक हाथ में लें।

२- पार्टी की पत्रिका:- हम 'सोशलिस्ट इण्डिया' नामक एक पत्रिका प्रकाशित करने जा रहे हैं। यह पत्रिका देश के लोगों तक आम तौर पर और पार्टी के कार्यकर्ताओं को खास तौर पर पार्टी की नीतियों और कार्यक्रम पहुंचाने का माध्यम होनी चाहिए इस पत्रिका में हमें कांग्रेस की विचारधारा और कार्यक्रमों की स्पष्ट व्याख्या करनी चाहिए। यह पत्रिका कांग्रेस कार्यकर्ताओं को मिलनी चाहिए ताकि वे जान सकें कि पार्ट क्या सोचती है और इस प्रकार बुनियादी सैद्धान्तिक प्रश्नों पर अथवा समसामयिक राजन से सम्बन्धित मामलों पर अपने स्पष्ट विचार बना सकें। हमारे संगठन के विरुद्ध शक्तियों द्वारा किए जा रहे गलत प्रचार का समुचित उत्तर देने का एक माध्यम या साधन इस पत्रिका को होना चाहिए।

३- प्रशिक्षण :- हर जिले में एक प्रशिक्षित कार्यकर्ता होना चाहिए जिस पर जिले के प्रशिक्षण का भार होगा। जिलों के ये प्रशिक्षण अधिकारी प्रदेश के प्रशिक्षण अधिकारी के अधीन काम करेंगे।

४- कार्यकर्ताओं के शिविर:-जिला स्तर पर एक वर्ष में कम से कम दो बार तीन-दिवसीय शिविर आयोजित किए जाने चाहिए। इन शिविरों में कांग्रेस कोटियों द्वारा किए गए काम की चर्चा होनी चाहिए और भावी कार्यक्रम तैयार किया जाना चाहिए। कार्यकर्ताओं को जिन मुश्किलों का सामना करना पड़ता है उन पर भी विचार किया जाना चाहिए ताकि उन्हें दूर किया जा सके।

५- कार्यकर्ताओं के लिए साहित्य:- पार्टी के केन्द्रीय कार्यालय में धर्म-निरपेक्षता, लोकतंत्र और समाजवाद तथा अन्य सम्सामयिक विषयों पर नियमित रूप से साहित्य प्रकाशन का काम किया जाना चाहिए ताकि यह साहित्य कांग्रेस कार्यकर्ताओं को शिक्षा के लिए बुनियादी सामग्री के रूप में काम आ सके।

६- राजनीतिक सम्मेलन:- प्रशिक्षित कार्यकर्ताओं का एक दल तैयार किया जाना चाहिए। ये लोग क्षेत्र, प्रदेश, जिला और निम्नतर स्तरों पर सम्मेलनों का आयोजन करेंगे और सामान्य कांग्रेसजन को हमारी विचारधारा तथा एक निश्चित अवधि में पूरे किए जाने वाले हमारे कार्यक्रमों के बारे में समझायेंगे।

७- क्षेत्रीय मंत्री:- देश को चार या पांच क्षेत्रों में बांटा जाना चाहिए और हरेक क्षेत्र के लिए कांग्रेस अध्यक्ष द्वारा एक क्षेत्रीय मंत्री नियुक्त किया जाना चाहिए जिसका काम अखिल भारतीय कांग्रेस कमेटी के महामंत्रियों की मदद करना होगा।

८- कांग्रेस कमेटियों की बैठकें :- कांग्रेस कमेटियों और उनकी उपसमितियों की बैठकें सभी स्तरों पर समय समय पर होनी चाहिए ताकि उन में संगठन सम्बन्धी मामलों, संगठन के सम्मुख कठिनाईयों, परिपत्रों पर की गई कार्यवाही आदि पर विचार किया जा सके और परिणामस्वरूप संगठन में होने वाली हाल की बातों से सभी कार्यकर्ताओं और सदस्यों को अवगत किया जा सके।

९- अखिल भारतीय कांग्रेस कमेटी का कार्यालय:- अखिल भारतीय कांग्रेस कमेटी का पुनर्गठन किया जाना चाहिए और उसमें पर्याप्त संख्या में प्रशिक्षित और अनुभवी कार्यकर्ता रखे जाने चाहिए। कार्यालय में निम्नलिखित विभागों के जरिए काम होना चाहिए :-

१- संगठनीय मामले
२- संसदीय मामले
३- चुनाव कार्य
४- आर्थिक और राजनीतिक अनुसंधान
५- समाचार-पत्र सूचना
६- प्रचार और प्रसार
७- विद्यार्थी और युवक पक्ष

८- वैदेशिक सम्बन्ध

९- महिला मोर्चा

१०- सेवादल

११- मजदूर मोर्चा

१२- किसान मोर्चा

१३- अल्पसंख्यक, अनुसूचित जातियाँ, अनुसूचित जनजातियाँ और अन्य पिछड़े वर्गों का काम

१४- जनसम्पर्क और जनता की शिकायतें

१५- सांस्कृतिक और सेलफूड सम्बन्धी कार्य

प्रदेश कांग्रेस कमेटियाँ को भी ऊपर लिखे अनुसार विभागों के जरिये अपने प्रदेश में काम करना चाहिए। इसी ढंग से जिला कांग्रेस कमेटियों को सक्रिय बनाने के लिए प्रदेश कांग्रेस कमेटियों की ओर से सलाह दी जानी चाहिए।

१०- कांग्रेस संविधान और उसके अन्तर्गत निर्मित नियमों के कार्यक्रम क्रियान्वयन को आवश्य

कमेटी ने क्रियाशील सदस्यों की भर्ती के नियमों के संदर्भ में कांग्रेस संविधान की वर्तमान धारा और उनके अन्तर्गत नियमों पर विचार किया।

११- संविधान में संशोधन :- कांग्रेस के संगठनीय ढाँचे में सदस्यों की भर्ती से लेकर विभिन्न कमेटियों के निर्माण तक पूरी छानबीन करना आवश्यक है।

सेवादल

कमेटी की सिफारिश है कि श्रमिक, विद्यार्थी, युवक, सहकारिता, अनुसूचित जातियाँ, अनुसूचित जनजातियाँ और महिलाओं से सम्बन्धित मोर्चों में काम करने वाले क्रियाशील सदस्यों को संगठन में प्रवेश पाने का अवसर प्राप्त होना चाहिए बशर्ते कि इन मोर्चों को कार्यसमिति की स्वीकृति प्राप्त हो।

कमेटी ने इस प्रस्ताव के क्रियान्वयन के लिए एक उचित व्यवस्था पर विचार किया कमेटी की राय है कि कांग्रेस के प्रारम्भिक क्रियाशील सदस्यों की न्यूनतम संख्या वाले विभिन्न मोर्चों संगठनों को अपने प्रतिनिधि विभिन्न निर्वाचन क्षेत्रों से उन विभिन्न निकायों में चुनना चाहिए जो कि इस प्रकार के कांग्रेस कार्यकर्ताओं के लिए अखिल भारतीय कांग्रेस कमेटी के स्तर तक बनाये जाने हैं।

कमेटी की सिफारिश है कि प्रदेश कांग्रेस कमेटियों और सभी मातहत कमेटियों की प्रबन्ध समितियों में २५ प्रतिशत स्थान इस श्रेणी के लोगों के चुनाव के लिए सुरक्षित रखे जाने चाहिए ताकि इन कार्यकर्ताओं को पर्याप्त प्रोत्साहन प्राप्त हो और नये कार्यकर्ताओं को संगठित किया जा सके।

कमेटी की सिफारिश है कि कांग्रेस अध्यक्ष द्वारा कार्यसमिति में सदस्यों की नामजदगी करते समय ऊपर लिखित मोर्चों से सक्रिय सम्बन्ध रखने वाले व्यक्तियों को ध्यान में रखा जाय।

सम्बद्ध सदस्य :- कमेटी की राय है कि सम्बद्ध सदस्यता को प्रदेश कांग्रेस कमेटियों तक सदस्य बनाया जाय

१२- समन्वय :- संगठनीय और संसदीय पदों के बीच अधिक अच्छे समन्वय के लिए सुझाव दिया गया है कि संगठन के अध्यक्ष और मंत्रियों को विधायक दल की प्रबन्ध समितियों और जाम समाजों का पदेन सदस्य बनाया जाना चाहिए और इसी प्रकार विधायकों को संगठनकी प्रबन्ध समितियों आदि का पदेन सदस्य बनाया जाना चाहिए ।

१३- पूरे समय के कार्यकर्ताओं के लिए नये अवसर :- कमेटी ने पार्टी के संगठनीय अथवा संसदीय पदों में काम करने वाले पूरे समय के सवैतनिक कार्यकर्ताओं के लिए भावी सम्भावना पर विचार किया । कमेटी की सिफारिश है कि सभी बातों में समानता रखते हुए उपर्युक्त श्रेणी के कांग्रेस कार्यकर्ताओं को अध्यक्ष चुनाव अथवा नाम निर्देशन पर आधारित संसदीय निकायों या कमेटियों में उम्मीदवार बनाने के मामले में तरजीह दी जानी चाहिए।

१४- रौल:- कमेटी की सिफारिश है कि समय समय पर पैदा होने वाले तनावों के कारणों से कार्यक्रम और राजीव सम्पर्क रखने के निमित्त अखिल भारतीय और राज्य दोनों स्तरों पर रौल कायम की जानी चाहिए । इस प्रकार की रौल का काम विकास कार्यकलाप, क्षेत्रीय, असन्तुलन, साम्प्रदायिक अशान्ति से पैदा होने वाली समस्याओं और एक राज्य अथवा उसके किसी एक इलाके की सामाजिक आर्थिक और सांस्कृतिक समस्याओं का निरन्तर विश्लेषण करना होना चाहिए ।

रौल के द्वारा किए गए अध्ययन के परिणामों पर प्रदेश की प्रबन्ध समिति, कार्यसमिति, पार्लियामेन्टरी बोर्ड आदि द्वारा विचार किया जाय । इस प्रकार के विचार विनिमय में प्रशासकीय पदों से सम्बन्धित मंत्री को आमंत्रित किया जाएगा ताकि हमारी बहुधा हिंसा देने वाले इन तनावों के कारणों को अच्छी तरह समझा जा सके । कमेटी की राय में इस तरह के कदम से न केवल तनावों को कम करने में मदद मिलेगी बल्कि पार्टी के कार्यकर्ताओं को अपने काम में निश्चित सहायता प्राप्त होगी ।

१५- शिकायतों की सुनवाई :- जनता की शिकायतों को दूर करने के बारे में कांग्रेसजन की भूमिका और उनके द्वारा अथवा कांग्रेस समितियों के द्वारा अपनाई जाने वाली विधि पर कमेटी ने गम्भीरतापूर्वक विचार किया ।

कमेटी की राय है कि कांग्रेसजन और कांग्रेस कमेटियों को व्यक्तिगत शिकायतों में तरफदारी नहीं करनी चाहिए जब तक कि ऐसी शिकायत समाज के निर्बल वर्ग के पक्ष में बनाये गये किसी कानून को अमल में लाने से सम्बन्धित न हो या बुनियादी नीतियों के विपरित प्रशासन तंत्र के विरुद्ध न हो । सामान्यत: जिला कांग्रेस कमेटियों या कांग्रेसजन के सामने आने वाली शिकायतों पर एक शिकायत समिति द्वारा गौर किया जाना चाहिए ।

१६- पराजित निर्वाचन क्षेत्रों में कार्य:- कमेटी की राय है कि राज्यसभा और विधान परिषद् के कांग्रेस सदस्यों को कांग्रेस के कार्य के लिए पराजित निर्वाचन क्षेत्र सौंपा जाना चाहिए ।

१७- अन्य पार्टियों के प्रति दृष्टिकोण :- कमेटी का मत है कि संगठन के कार्यक्रम संचालन लिए अतिआवश्यक है कि अन्य राजनैतिक दलों के प्रति, चाहे वे हमारे मित्र हों अथवा हमारे जैसे विचार के हों अथवा उनसे हमारा मूलभूत या सामान्य विरोध हो, हमें अपना दृष्टिकोण

स्पष्ट करना चाहिए।

अतः कार्यसमिति द्वारा प्रांतीय और राष्ट्रीय दोनों प्रकार की सभी राजनीतिक पार्टियों के रुख और कार्यवाहियों और उद्देश्यों पर समय समय पर विचार किया जाना चाहिए तथा इस सम्बन्ध में निश्चित मार्गदर्शन दिया जाना चाहिए। इससे कांग्रेस कार्यकर्ताओं को एक सुस्पष्ट दृष्टिकोण प्राप्त होगा और वे अपने उद्देश्यों के लिए अच्छी तरह लड़ सकेंगे तथा विरोधी दलों की चुनौतियों का ज्यादा अच्छीतरह मुकाबला कर सकेंगे।

साम्प्रदायिक शान्ति

गत दो वर्षों में उत्तर प्रदेश में मेरठ और इलाहाबाद, बिहार में रांची, गुजरात और अन्य स्थानों में हुए साम्प्रदायिक दंगों के बाद उक्त प्रस्ताव बम्बई में पास किया गया। आशा की गई थी कि साम्प्रदायिकता की कुत्सित शक्तियों को परास्त करने के काम में इस प्रस्ताव से कांग्रेसजन और सरकारों को शक्ति मिलेगी। बहरहाल, यह शर्म और अफसोस की बात है कि इस महीने की ७ और ८ तारीख को महाराष्ट्र में भिवान्डी, जलगांव और महाड में एक बड़े पैमाने पर साम्प्रदायिक दंगे भड़क उठे। इससे हमारे राष्ट्र के चुनाम पर एक गहरा कलंक लगा है।

यानी हुई बात है कि हमारे शासन तंत्र में कोई एक ऐसी बुनियादी कमजोरी है जिसकी वजह से वह साम्प्रदायिक उन्माद को समय रहते शान्त करने में अपने आपको असमर्थ पाता है।

अतः यह अत्यधिक आवश्यक है कि देश के लोगों को साम्प्रदायिक समस्याओं के बारे में अच्छी तरह शिक्षित किया जाय। जनसंघ, राष्ट्रीय स्वयंसेवक संघ, शिवसेना जैसे साम्प्रदायिक दलों और संगठनों तथा अन्य सब संगठनों के दुष्टतापूर्ण प्रचार का कारगर तौर पर मुकाबला किया जाय जो कि लगातार साम्प्रदायिक भावनाएं उभारते रहते हैं और अल्पसंख्यकों को निरन्तर भय की अवस्था में रखते हैं।

आम चुनाव की तैयारियां

१९७२ का आम चुनाव शीघ्र आ रहा है। कुछ राज्यों में केवल संसदीय चुनाव होंगे, अन्य राज्यों में लोकसभा और राज्य विधान सभा दोनों के चुनाव होंगे। अब समय आ गया है कि इन चुनावों की तैयारी की जाय। अन्यथा इस मौके पर हमें जल्दबाजी में निर्णय लेने होंगे जो कि कभी बहुत अच्छे नहीं हो सकते।

उम्मीदवारों के चयन के समय निम्नलिखित श्रेणियों के व्यक्तियों को प्रतिनिधित्व प्रदान करने का ध्यान रखा जाना चाहिए :-

(१) मुसलमान, ईसाई, सिख आदि अल्पसंख्यक। जहां तक हो, हर राज्य में इनकी आबादी के अनुपात से उम्मीदवारों की संख्या निर्धारित की जानी चाहिए।

(२) महिलाएं :- अभी तक हम महिलाओं का एक अल्पतम प्रतिशत तय करते रहे हैं। लेकिन दुर्भाग्यवश इसका पालन करना सम्भव नहीं हुआ है। लोकसभा और हम

काफी पहिले इस बार में कार्यवाही करें तो पर्याप्त मात्रा में योग्य महिला उम्मीदवार पाए जा सकते हैं।

३) विधान मण्डलों में युवापीढ़ी के लोगों को लाने का प्रयास किया जाना चाहिए। यह देखना चाहिए कि क्या अधिकांश उम्मीदवार ४५ वर्ष की उम्र से कम के नहीं हो सकते। इस प्रकार का कोई मानदण्ड निर्धारित करना होगा।

४) सेवादल, महिला कांग्रेस, युवक सभा, कांग्रेस के कार्यालय आदि विभिन्न कांग्रेस संगठनों में काम करने वाले लोगों को अवसर दिया जाना चाहिए।

५) वकील, डाक्टर, औद्योगिक और व्यापारिक कार्यपालकों, पत्रकार आदि पेशेवर वर्ग के लोगों को नहीं लेना चाहिए। प्रोफेसर, कलाकार, लेखक आदि लोगों को भी प्रतिनिधित्व दिया जाना चाहिए।

कार्यकर्ता :- प्रत्येक संसदीय निर्वाचन क्षेत्र के लिए एक पूरे समय के कार्यकर्ता की नियुक्ति तत्काल आवश्यक है। आगे चलकर विधानसभा के प्रत्येक निर्वाचन क्षेत्र के लिए एक कार्यकर्ता नियुक्त किया जाना चाहिए। प्रत्येक कार्यकर्ता के लिए वाहन का प्रबन्ध किया जाना चाहिए। हर संसदीय निर्वाचन क्षेत्र के लिए एक जीप और हर कार्यकर्ता के लिए एक स्कूटर।

एक निर्धारित अल्पतम कार्य पूरा करने की जिम्मेदारी इन कार्यकर्ताओं को सौंपी जानी चाहिए।

My Dear Nandaji,

After many years I am writing to you. Please do not be surprised at knowing that, though &c, I am yet living and kicking. I am with the Karnatak Health Institute, a medico-social organisation which is in existence at Ghataprabha for more than 35 years now. I think you know about this Institute. I have spoken to you about it some time in the past. Haven't I?

I know you are too busy now. ~~By~~ any way I trouble you knowing fully well that you won't mind replying to a friend and a co-worker of yours though busy with the present day affairs. You are now shouldering the responsibility of handling a huge department like the Indian Railways. I know it must be keeping you pretty busy and still am troubling you.

I write because I desire your presence on this side. There are a number of things in this Division which need the attention of Railway Minister and Oficers. When I came to know that you are now in charge of the Railways I thought of requesting you to come an pay a visit to the Institute and see as to what exactly is being done by us, your colleagues. I know you will say that you are very busy and therefore cannot spare your time. But, if you make up your mind I am sure you will be able to give me at least some hours of your precious time.and find out as to how you could help the population of this part of the country in so far as a medico-social Institute of this type and also about the needs of railway users. Please think and see your way through as to how you can plan your journey this side.

How is your ~~maid~~ health? The climate of Ghataprabha is excellent all the year round. I may ask you to come for a week here for rest away from the busy and crowded programme of the capital. A quiet and healthy place like this will give you full rest and within a week you will be able to gain some strength. Such is the climate here. You will like it. Come and make use of it. I invite you.

With love

Yours affly.,

My Dear Brother Ganguli,

This letter is a surprise to you. Isn't it? It brings you memory back to the days when you were heading the Southern Railways as its General Manager. When you were moving in this Division then, you came to see K.H.I., saw the work we were doing, granted some of my demands and helped the population of this side in many other ways. You might not remember now; but I bring you back to the order-like thought you expressed about giving an overhead bridge to the level-crossing here in Ghataprabha just near the Railway Station. Shall I tell you that the bridge is ready and slowly vehicles have begun to move on it. It is not formally opened at all but is to be opened and I have suggested to the Divisional authorities that the formal opening of the Bridge be done by you who granted it. I have spoken about it to the officers in Hyderabad also. Will you not accept it if it comes to you?

You do not know how I have thought of you and long to see you. Whenever I read about the Bengal affairs now I think of my stay in Calcutta as a student in the latter part of the first decade and first part of the second decade of this century. My friends who came from Bengal were all noble, and loving, actively sincere in their work for humanity and who laboured and sacrificed all in all. I had a friend Ganguli by name who was an underground leader and who rotted with me in jail for about a year and a half. When his name comes before my eyes the General Manager Ganguli also flashes before me and he comes and stands before my eyes. At such a moment I decided to write to you a few lines and urge you to come this side for giving your darshan.

I can't move as I am ageing fast. I am not allowed to go anywhere by my doctor. Therefore, I have to stick up to Ghataprabha. And that is one of the reasons why I am asking you to come here. Will you filfill my wish?

I know you are now the head of the Railway Board and as such you will say that you have no time. Even then I know if you but decide you will come. So I await to hear from you.

With love

Yours affectionately,

Dear Sir,

Shri K.K.Shah, Union Minister of Health, Family Planning, Works, Housing and Urban Development, had tentatively fixed 18th July, 1970, for his visit to Ghataprabha. Now on account of some important meeting at Aurangabad on the 18th July itself, he does not find it possible to be in Ghataprabha that day. I am, therefore, desired to enquire from you if 20th or 21st July, 1970, will suit you for the Minister's visit to Ghataprabha. On receipt of your confirmation, we will submit the programme to the Minister for his approval and inform you accordingly.

2. It is also requested that details of the function at which you have invited Shri K.K. Shah, may kindly be communicated to us for information.

Yours faithfully,

I ha sent a copy of this to Mr. D.A.Rao, Retail Manage of the Indian Oil Corporation in Madras who is supposed to be in charge of that Corporation on this side. I am now awaiting their reply.

2. Mr. P.Gopinath, our mutual friend, was here on the 10th night and went to Cochin yesterday after spending 32 hours here. He came with his wife and children. His sister-in-law and her husband were with him.

3. He asked me to write to you about the consumer pump. Mr. M.M.Lal, who is your friend, is now the Public Relations Officer of the Indian Oil Corporation Ltd. Gopi said that "if Goel puts in a word to Mr. Lal you will get the Pump immediately So, I am now writing to you.

The accompanying copy of my letter to the Indian Oil Corporation is very very clear. You can make use of it. I want KHI to be benefitted. I want it to earn in order to serve the ailing humanity and be of service to the needy. Slowly I think the Indian Oil Corporation will allow us to make the pump useful for all passers by; thus allowing the Institute to earn more for the object in view.

My Dear Ganguli,

Yours dated June 9, 1970 reached my hands on the 16th, rather late, indeed:

I want you to come next month; even later in August; I don't mind.

If the "Opening of the bridge" programme is to be fixed it must be done by the Hubli Division of the S.C.Railway or by its Secundrabad Office. How can a Commander like me without any connection with the concern invite you to "formally open" the bridge", I can only request you to come to this Institute as our guest and give us the pleasure of your company for a couple of days. ~~about~~ That, lovingly I insist.

I am writing to S.C.Railway authorities about the formal opening. Let us see what they do.

My dear Sri Hardikar,

I received your letter dated 31st May 1970 and I am very happy to note the contents. Thank you for the same. Your idea to hold T.B.Conference and also to organise an Exhibition is really a laudable one. It is socio-economic disease and by the combined efforts of Doctors and Social Workers, the eradication of the disease could be possible and efforts of this type will go a long way in giving good education to the public about the T.B.

I am accepting your invitation with pleasure to inaugurate the T.B.Conference as well as Exhibition on 2nd October 1970 which coincides with the birth day of our revered and beloved leader Mahatmaji, Father of our Nation.

Regarding financial assistance that you have asked for, I am having your request examined and will be writing to you shortly. Instructions have already been issued to the Secretary, T.B.Association, Bangalore, to render their fullest co-operation in organising the T.B.Conference and Exhibition.

I hope this letter finds you in good health.

With respectful regards,

Yours sincerely,

My Dear Ganpuley,

I have written to you before. I want you to come and stay here. I need a companion and I find none better than you to talk and make myself heard about things past and discuss about the small happenings to-day with which we are directly concerned.

I want you to build a small hut here in which you and I can spend our remaining days without being a burden to many. I am very plain in expressing my thoughts. I am opening my heart and placing my thoughts before you. Will you kindly condiscend to send a reply and that too in affirmative?

As I was entering the 80th of my age I began to feel the effect of ageing. Slowly but surely this kind of ageing during the last 20 ro so months has worsened the effect already created in me. Slow loss of memory and interest in work, the creeping of idle feeling and lack of initiative in any work, all these have made me feel to have a companion like you. Also I feel that there must be some companion to help you and with whom you could spend your time joyfully. You must also be feeling as I do. Hence I am asking you to come here and start here the old people's Ashram. You should make me the first one to live in it, and you to follow.

With love

Yours affectionately,

N.S. Hardiker

My dear Dr Hardikar

You must have received my last letter dated 18th June. Since then Messrs Kanjalgi, Bhau Shinde, Mangoli & Srinivas Rao, Connie to see me at Dr Magdum's house on the 22nd of June and brought to me your message of coming to Prataprabha, which I could not do even though I had planned it long before.

Even today I am staying at Dr Magdums & hope to go to Whitefield in a few days as I would like to have completely healed by then - The building material for the hospital is arriving & the work will start by the middle of this month. This whole last month I was completely inactive - I was not lying in bed, but as I had to dress the wound every day which I could not have done in Whitefield, I was forced to stay with the doctor in HAL Colony. This doctor after his retirement in October will be the projecting doctor for the proposed Hospital in Fairlands. This was a part of my life's work & the latter part will be with KHI by God's grace for which I have my fixed plans about which I have talked at length with Shri Manohar Kanjalgi

I hope you are all keeping well

Please remember me to Dr Vaidya, Kulkarni others with kind regard

Sincerely Yours

M Kanjalgi

New Delhi, July 1, 1970.

My dear Dr. Hardikar,

Thanks for your letter dated 24th June, 1970. I have noted that you propose holding anti-T.B. Exhibition from 2nd October, 1970, onwards.

With kind regards,

Yours sincerely,

(K.K. Shah)

Dr. N.S. Hardikar,
The Karnatak Health Institute,
POST OFFICE: KARNATAK HEALTH INSTITUTE,
Dt. Belgaum.

From: Shri. V. Nimbkar,
Camp: BELGAUM,

Dated: 6th July 1970.

My dear Dr. Hardikar,

You may recall the various points I talked with you hurriedly. Now I am reducing them to this letter under copy to Dr. Vaidya, so that you will know what are your commitments, his commitments and my commitments. They are as under:-

1) Canteen:

You should include immediately in the Canteen the Annapurna System of billing. This can be accomplished by making little strips of paper in decimals which should show the costs of each item as taken by the diner. You should introduce self-service and the buss-boys will only furnish water and remove the soiled dishes. Things like salt, chatney and pickles should be kept on each table and not served at the counter. Final bill will be paid as punched on this card. Size of the card will approximately be 1-1/4" x 5". It does not have to be a thick card.

2) Road Construction:

This is my commitment. I will try to send mahadam drums and rollers from Bombay. You should request Dr. Vaidya to get the costs of asphalt locally through Engineers and also have hand-broken chips and engage a road gang who will continue working on this equipment when received from Bombay.

3) Nursing School:

Now that a permission has been granted for starting a school, a brief project report should be submitted to the Governing Council by Dr. Vaidya giving his proposal in brief stating what we have and what we need to start the school and the funds for running it for a period of one year initially. When this fund is arranged for, final proposal can be prepared in regular form.

4) Air Conditioners:

I will give the necessary instructions to Mr. Shrinivasan on my return at Bombay, but in case he crosses me and reaches KHI before this, then it is agreed that the three air-conditioners will be installed at parapit level outside the glass and the glass to allow the cold air to come in and for the attendants to service these units. The other unit which is on the dressing room side should be installed on the outside door of the dressing room and the cold air brought to the operating theatre through a duct.

..2..

5) It is advisable to put Reception Book in each Health Home, Guest House, Convalescent Home etc., so that there will be a record of who occupied these and that what amount is paid, so that the same can be checked up monthly with the Accountant.

6) I find that considerable amount of compound walls are built. I believe you are aware that the amount of walling in 600' of compound wall is equivalent to an amount to build up a quarter for a Doctor or a Nurse. It is my opinion that let us complete the building of the colony first before compartmentalisation. Let us build up the country before we concentrate on communities. I would also suggest that any such construction work should first be approved by the Governing Council and the expenses therefor, and then undertake it.

7) Publicity Literature:

As soon as I receive the draft along with the photographs I will take up the matter with Mr. Sali, get estimates and then undertake the work. This should be done expeditiously, since fund raising will depend upon the speed with which we produce this.

8) It is advisable to complete furnishing each Health Home, Convalescent Home and Quarter, details if desired will be given by me atleast for Kirloskar Home immediately.

9) I had requested that a scheme should be undertaken for insuring the life workers. If any assistance is required in this connection, please send me the number of those who are life workers, their ages and number of years of service, and then I will take up this with Life Insurance Corporation.

10) Security:

It is advisable that we have an Armed Watchman atleast at night. Any assistance required in this connection, please write to me under copy to Mr. Khandekar, and he will then take up the matter with Ex-services Association here.

11) Waiting Shelters for Bus Stand:

I believe that this should be of umbrella type, where six to eight people can sit in under the umbrella around the columns supporting the umbrella. The umbrella could be approx. of 10 feet dia. 7 ft height and the column of this would be ordinary 6" pipe. If you want the sketch, please let me know and I will arrange to send it along with quotation.

..3..

12) **OPD Waiting Room:**

A sketch of this will be sent by me from Bombay.

13) **Accounts:**

Mr. Khandekar has agreed to check these monthly, but unfortunately he has not returned from Bangalore, but I am instructing him before I return to Bombay.

14) **Fitness Centres:**

Here again I will send a general layout for consideration, and for having it put up before the Governing Council along with approximate cost estimates.

15) Since Dr. Vaidya gets permission from Mysore Government for Service Shops and for small scale industries to be started around KHI, please advise me and I will then send further particulars, and also look out for people who would be interested in running these service shops. These would be Barber Shop, Grinding flour mill, Bakery, small drug shop, soda water shop etc.

16) Mr. Chopra has promised to let me have project report on industries, a brief note on which I have given him. I will go further into this after these are received.

17) **Dairy:**

Here again I will look for a suitable period to run the Dairy and in the meantime, reserve 50 acres of land for grazing. The scheme would be undertaken when a suitable person for running the same is located. If you have anybody in mind, please advise me.

18) **Farm for supply of Cereals and other requirements of the Canteen:-** This should be made to get a 100 acre farm, which you could then run as a property of the Institute. I am sure that if you approach the Agricultural Department of Government of Mysore with your name and influence, you would be able to get such a plot of land.

19) **Post Office, Telegraph Office and Treasury:**

I understand that the efforts to have these on KHI property has not been pursued and as a result of this, it has gone to the small township, and the place has been rendered to them by some vested interest. Effort however should be made to get these on KHI property.

..4..

12

20) **Water Works:**

Dr. Vaidya has agreed to let me have an idea of length and size of piping required, along with quantity to be pumped per hour, and on receipt of this, I will then get a quotation for a Pump Set and also for the piping.

21) The sample of special apparatus handed over to me by Dr. Vaidya has been given to Mr. Chopra and he will get one of his friends in Delhi to produce two pieces of these and have them sent to KHI, and hoping that this could be done on my next visit to Delhi.

With kind regards, I am,

Yours sincerely,

My dear Dr Hardikar,

Of late you have been very active writing to me which shows that inspite of growing age you are mentaly as activ as before, if at times you feel a bit depressed because of your physical weakness.

I have returned back from Dr Magdums place on the 6th, completely cured. Although that operation on my foot kept at Magdums, but then I was not lying in Bed but was actively moving about getting certain things done in connection with the planned hospitals for which a great deal has to be done till actual construction work starts.

It is kind of you and speaks for the greatness of your heart to consider me as a worthy companion with whom you think you can spend the time in greater comfort, talking with me and planing. I would have loved to do that. I was very seriously thinking about it in March as I saw it at I shall not be able to do much here as Dr Shetty who was looking after the Dispensary would not be available to me longer, as he had gone away to stay in the City because of the education of his children and it was difficult for him to be regular having to attend to his own private practice which was growing. Then Mrs Mayer was also going to Germany in July and there was none to look after the social Centre which she had built up here.

But as providence will have it on the 4th of April I went for the first time to Shri Satya Sai Baba, never hoping that he will receive me. But to my great surprise I found him very simple in his ways, direct in his approach and quick in taking decisions. In only 15 minutes talk he decided, to build on my land a 30 bed hospital and since then things are moving very fast. By now we would have seen the begining of the construction but for the slow movement of the Government in converting the land etc. Trust has been registered and I happen to be convener trustee with Dr Magdum as Projecting Officer. You know Dr Magdum who has conducted the HAL Hospital from its inception till now for 30 years is retiring and has offered to build this institution Had I not become ill we had planned to come to Ghataprabha early June.

The building material is rolling in. From today boring operations on the land have started. There are others to look after this, but then I cannot wash my hands and leave. I will have to see the work completed. We have just selected and appointed a Doctor and a Compounder to attend to the Dsipensary

74

regularly every day as Dr Shetty was only coming twice a week with great difficulty and we have to keep the Dispensary running. Dr Magdum is helping in that and there are so many other smaller things to be attended to which I can better do being on the spot

Under these circumstances, I cannot leave the place. I was all the days lonely and the life was boring to me. But now I am again in the mill and cannot get out of it quickly. I think in six months time everything will have taken shape when my presence will be redundant It does not mean that I shall not cometo you before that. I shall surely spend a few days with you perhaps in August when we shall sit down together and talk at length about my future

Till then I shall keepn on writing to you giving you the account of progress made here and until then I hope you will kindly excuse me. It seems that God comes to me when I am completely disappointed and desperate and puts me again in harness in order to forget my lonely drudgery. That passive land which was lying idle is being activated and there is a new life

However let me hope to be with you soon which will naturaly depend how soon we finish the work here.

Once again thanking you for all your kind thoughts about me

With kindest regards

Affectionately yours

N. Ganpuley

माननीय डा० साo, सादर प्रणाम

आपका कृपा कार्ड मुझे लखनऊ से चलने के पूर्व ही मिल चुका था। अतः शीघ्र उत्तर नहीं दे सका क्षमा करें।

मैं यहाँ दिनांक 22/6 को पहुँच गया। भर्ती होने के पूर्व ही Ex-Ray, Blood Pressure (180/124), Heart: चेक लिये गये को। इस समय वाहिका के फेफड़ा (Lung) काफी खराब हो गया है। बाँए के नीचे के भाग में कुछ असर हुआ है।

परीक्षण, दवा साथ साथ चल रहे हैं। पहिले P.A.S. + Iso- मात्र दिया था अब दूसरी पीली गोलियाँ दी हैं जो अभी से शुरू है कन्धों में दर्द, सिर के पीछे और गर्दन की नसों में सूजन है, दर्द है। सीने का दर्द तो अब यहाँ आने से कम अवश्य हुआ है। पुरकार नहीं है। Saibiles नहीं है। मेशान अधिक होता है। खांसी खुश्क बहुत है। कमजोरी भी ज्यादा है। भूख कम है। दिन में २०० ग्राम से अधिक आता नहीं खेल हूँ थोड़े से उठने, बैठने चलने में सांस फूल जाती है।

मुझे दूसरे फ्लोर ऊँचे, बैनो साल के दूसरे छोर पर अकेली सेमीडोरियम में Paying First class में रखा गया है। Govt के आदेश पर, साथ में लड़का (second officer, Jute Surveyor, U.P. Govt) उसकी बहिन और माँ भी है। बाहरी कोई दर्शक नहीं है।

श्रीमन्! मुझे सन्तोष है कि हमने अपने राष्ट्र भाषा के साथ वैठ कर जीविनी का हिन्दी अनुवाद पूर्ण कर लिया है। कमल उसे थोड़ा और लघु करना शेष है। कहीं कहीं उस में संशोधन, परिवर्तन भी करना है। जैसे ही मैं लगभग दो मास के पश्चात यहाँ से अवकाश मिलेगा मैं शीघ्रातिशीघ्र उसे पूरा करके सीधा आपके पास भेज दूँगा। मैं देहली A.I.C.C. के अधिवेशन पर गया था उसे वैसा ही (Oct)
देते परन्तु वे अपने घर चले गये थे। उनके घर पर ताला लगा था। निराश

My dear Doctor

I am glad to inform you that the C.C.B here has forwarded the papers with his recommendation, to Delhi for final disposal on Thursday. So please switch on efforts at Delhi.

The Grant sanction papers seem to be yet stuck up in Wadhwa's Sudha. I can look to it only on my arrival.

I met Shri Ganapuley again. He is very happy to receive your & Doctor's letters. He said he is ready to give you about Rs 40,000/- now if you accept the proposal (I had written earlier i.e to give 7½% on the amount remind payable every month to him till his life time) He also told me that the arrangement shd be made without loss of time as he does not like to keep the amount idle. So I thought of halting at Ghataprabha for a day on my return journey from Bombay But if you can write to him clearly accepting the proposal he could send you the amount.

As regards his going to Ghataprabha he said he is little busy with the construction work there. Sri Saibaba is he entrusted the supervision to him. The

My dear Doctor Saheb,

Since first of June, 1970, I have been working as secretary, Gandhi Smarak Nidhi. Sri. Vasavi has desired to return to his place. Smt. Gowramma and children are well.

Ch. K.V. Srinivas is getting on well at Haribar. The period of his training will be over by 22nd August, 1970. I think some of the post-training tests have already been started. It is my prayer that he may be selected for absorption in the regular cadre. Everything now ~~hangs~~ in my life and family hinges on his securing a confirmed job. On my request, Sri. R.R. Diwakar has written a letter to Dr. C.A. Phalnikar, a copy of which is enclosed for your kind information. I request you to write a letter at the earliest to Dr Phalnikar requesting him to absorb Sri. K.V. Srinivas in a regular post in the Kirloskars. My pranams to pujya Gangutai and Dr. Vaidya -. please treat my request urgent. You may please consider writing to Sri Gurjar also.

Yours Sincerely,

I am writing to enquire about his progress and to request you to absorb Sri. K.V. Srinivas in the regular cadre and to take him under your care and guidance. Young persons can grow only when elders like you give guidance along with opportunities.

My dear DrHardikar,

I wrote to you and Dr Vaidya on the 8th giving you my reasons of not being able to leave this place and join you at Ghataprabha eventhough I very much wish to do so. Dr Magdum who is going to help and is helping in the construction of the hospital and also its future maintainance is banking on my help. He was to retire from HAL in October this year but HAL has extended his term of retirement by six months more as there is realy noone at present to replace him. He is the soul of that institution. If I were to leave this place now, he will loose interest in this work and I am afraid its progress wi ll suffer. You will say no one is indispensible in this world and we give ourselves unnecessary prominence for our presence in conitnuity of things. It is a wrong conception a id yet one is prey to it.

A few days back I asked Madhu Kaujalgi to meet me before he left for Bombay on the 18th and intends meeting you on his way back by the end of this month.

My meeting him was inconnection with his letter to you dated 28th May wherein he has made some definite suggestions and requested you to let us have your decision after consultation with Dr Vaidya and Mr Nimkar. Instead of keeping my money in some Bank now and donating same to KHI by Will after my death to KHI will create lots of difficulties to the executor of the will and it may not serve the real purpose. We have therefore suggested that I pass on the amounts to KHI as I receive the amounts and hope to transfer about Rs 100.000 by the middle of next year. However there was one condition. As I have no other earnings for my for my existence I have to depend on the interest on these amounts, and have suggested that KHI undertakes to pay me the interest at the present Bank rate which is 7%, which assures me a steady income till my life's end which is not very far.

If you that is your Governing Body agrees, please ~~give=the~~ let me have your reply now or when Kaujalgi comes to you and I shall then send to you a cheque of Rs 25.000.-- as my first instalment towards this set lement.

I hope you will understand me and take your decision soon and that too in affirmative

Thanking you and with kind regards also to DrVaidya and others

Please reply soon

My Dear Ganpuley,

Your letter dt. 20th July 1970 regarding the amount you desire to donate to KHI has been received on the 22nd. Thanks for the same.

For a long time we have been discussing this subject; but had not come to any definite conclusions. You have been very kind enough in expressing your deep felt love for the workers of this Institute and have admired the progress made by it during the last twenty years. You have not at all hidden your feelings towards us and have insisted in making us accept your offer and get a reply from us in the affirmative. Now, I give you a reply. It is in the affirmative.

As per your letter referred to above the amount of Rupees One Lakh you wish to donate to KHI on the condition that you should get 7% interest from it until you breathe your last is acceptable to us.

Details regarding the investment of your gift amount will be decided by the Governing Council when it meets. I assure you, however, that everything will be Okay. Therefore you should now proceed with your gift idea and start taking action.

What more can I say? I have been asking you to come here and spend your remaining days with me. I am in the same boat as you are; expecting the call at any moment. Come! Let us spend the remaining days and enjoy the time together THINKING OF HIM AND INVOKING HIS BLESSINGS.

My Dear Shri Ganpuley,

This is just to report to you the opinion of Mr.Nimbkar after Doctor wrote to you his decision.

Mr.Nimbkar has suggested that you should give whatever amount you have decided to give by a gift deed. That would avoid trouble with Government etc.any time later. that K.H.I.should appoint you as a representative of KHI in Bangalore and pay you a salary of Rs.4,500/- per month so that it comes within non-taxable amount and saves the waste to that account. The balance amount totalling Rs. 7% on the gift given by you,should then be paid as travelling allowance etc which is allowed tax free.

You may please think over the suggestion,and if you also agree with it,that procedure may be followed. If not,any other way you find most convenient could be taken up.

Kindly let us know what you think or if you have any other way the deed should be made so that it could be accordingly finalised Perhaps,it may be quicker if you think any discussion is necessary, to meet you either here,because Doctor could not travel to Bangalore. or there when Nimbkar comes to Bangalore. But that if you think a discussion is neded.

With kind regards,

Yours sincerely,

M.K.Vaidya. M.S.

My Dear Maddurao,

That will give you the present position of the matter you wrot me be ore going to Bombay. I thought you would drop here.But probabl you have gone back already. You may follow this up when possible.

I shall be thankful if you could find the following:

1. The Charity Commissioner was to give his verdict on our reque to allow KHI to invest money in deposits in Kirloskar Oil engines wh have given a donation of Rs.25,000 and agreed to take our deposits @ 10%. The decision was expected on 7th July.

2. I have written to CCI&E and also Shri Karmarkar,to follow th reccommendation of CI&E,Bangalore,in Delhi.

3. You may please phone the officer cncerned and find out if th application for Grant from Delhi has been sent to the Ministry of Health.New Delhi. Last one was wrongly sent to DGHS,they said.and wa lost.

My Dear Ganpuley,

I have your letter dt. 28th July 1970 and the cheque for Rs. 25,000/-. Thank you ever so much for the prompt reply and immediate action. It is just like yourself; nothing less, nothing more.

I want you to know that not because of this gift that you are ours but even before you conceived the idea of donating your mite to this Institute you have been taken as our own and treated as such. I want to assure you a very good treatment when you come here and settle permanently. I have been receivi a most loving and affectionate treatment at the hands of Dr. Vaidya, the chief of this place and his lieutenants; and I have no doubt that you too will be treated similarly whether you have anything to give or not. I have been a- कफलक - नगा फकीर - all my life and I have been given a life's joy by my brothers and sisters here as well as in other places. Do not doubt in the least that you will not be given the same kind of treatment by these people here. Come, come, come running and be greeted by us.

Details about your gift etc. will be settled by our boss Mr. Nimbkar and his associates in the Governing Council.

I am mailing this letter by Express so that you may get it quick.

Yours affectionately,

My daer Dr Hardikar,

I acknowledge with thanks the receipt of your as well as Dr Vaidyas Letter dated 24th inst and hurry to reply as if the time is flying for me.

With your decision you have taken away a great ourden off my shoulder and now I know exactly where I stand. Had I been earning as I was and would have been, had I stayed along in Germany I would not have throught of making a donation with condition. I think I am the first man to do that and thereby I have created for you a problem. I had no other alternative but to seek for this solution, which was realy proposed to me by Mr. Kaujalgi. I was always thinking of leaving this amount in my will for Karnatak Health Ins. and till then operate upon it for my subsistance but alone as I was in this world I was not quite secure of my intentions being carried out to a word. Perhaps only half the amount or still less will have actualy reached the institution.

The interest suggested has been calculated upon todays living basis which might be more or less but that gives me the feeling of some security in Old age. As far as possible I do not want to be dependent or receiver of alms from anyone. But these are all only human precautions and not ultimate truths. Who knows even after all this I may be on the street, God forbid!

I am sending herewith a cheque for Rs 25.000.-- which is little postdated not because that ~~much~~ money is not there in the Bank, but I want to be very sure. I could have as well sent the letter and Cheque on the 4th but I did not want to wait to write a reply and to transfer the money atonce ~~with~~ "Shubhashya Shighram", because delays are dangerous.

Now with the request to accomodate me with this monthly or yearly payments to me in form of interest I may be inconveniencing you but I think Mr. Nimkar will be able to find a way out of this dilema.

I shall surely come to Ghataprabha in the begining of October when I shall be able to bring second instalment. At that time we shall sit down and talk, talk of this life and the life to come.

With my best wishes and regards also to Dr Vaidya Kirloskar and others

Enclosed please fins a cheque

Dear Dr.Hardiker,

I am very happy to know that the Karnatak Health Institute is proposing to organise an anti-Tuberculosis Conference and Exhibition in the Institute on the 2nd October, 1970.

Tuberculosis is one of the most serious public health problems facing us today and since the majority of the patients are in rural areas, the problem is predominantly a rural one. Under the National Tuberculosis Control Programme, we have provided 180 districts with a full-fledged District TB Centre to undertake the District Control Programme throughout each district. Much remains to be done and much hard work lies ahead. I am sure that the enterprise of voluntary bodies working in collaboration with the official TB Control Programme will go a long way in tackling this serious health problem.

The proposed conference and exhibition would help to enhance public consciousness and ensure public cooperation in the participation of our TB Control Programme. I am particularly happy to know that a large number of people from the rural areas will be attending and witnessing the exhibition.

I wish the Conference and the Exhibition every success.

Yours sincerely,

I am glad to know that the Karnatak Health Institute, Ghataprabha, is arranging an Anti-Tuberculosis Conference and an Exhibition on the 2nd October, 1970. Even though Tuberculosis is no more considered to be incurable, it is still necessary that the people, particularly in the rural areas, should be enlightened regarding the preventive and clinical remedies to prevent occurrence of this disease. I hope the Conference and Exhibition will serve the purpose, and wish the endeavours of the Karnatak Health Institute all success.

NEW DELHI, the 25th September, 1970

M E S S A G E

I am very glad to know that the Karnatak Health Institute is proposing to hold an Anti-Tuberculosis Conference and Exhibition in the Institute on the 2nd October, 1970.

This Conference will give an excellent opportunity to the participating Tuberculosis workers to exchange ideas and to discuss various problems in the control of Tuberculosis and to find their solutions. Since a large number of rural people are expected to witness the exhibition, it will be a good medium of health education to the rural population.

Tuberculosis is one of our major public health problems and to tackle it effectively, full cooperation and involvement of voluntary enterprise is absolutely essential.

I send my hearty congratulations to the Karnatak Health Institute for taking upon itself the responsibility of organising this Conference and Exhibition. I wish the Conference and the Exhibition every success.

MESSAGE

I am glad that the Karnatak Health Institute, Hubli is bringing out a souvenir on Mahatma Gandhi's birthday on October 2nd, 1970. This is a commendable enterprise, since Kannadigas are aware of the fine work done by the Institute in the promotion of health. It is an accepted dictum that health is wealth and a Nation could progress, if the people constituting it are in good health.

I wish the Souvenir success.

Yours sincerely

My dear Karmarkarji,

You will excuse me for my not acknowledging your letter of 5th September last in which you referred to the communication of Dr. N.S. Hardiker and also of the Anti-Tuberculosis Conference and Exhibition at Karnatak Health Institute. I am extremely sorry that I could not comply with your and Dr. Hardiker's wishes bout the message to be inserted in the Souvenir. You are aware that my hands are too full these days. I, therefore, inadvertently missed the opportunity. I am sure this was quite unexpected of me, and you and Dr. Hardiker both must be feeling annoyed over my silence. I, therefore, request you to forgive me for this act of omission. I know K.H.I. is doing splendid work and I must have responded to Dr. Hardiker's commands. I am writing to him separately on this subject and wish the institute greater and greater success.

Dear Dr Nanasahib,

As you know, the 50th anniversary of the Non-co-operation Movement launched by Mahatma Gandhi in 1921 falls next year, i.e. 1971. To commemorate the occasion, the Publications Division proposes to bring out a volume in English and Hindi comprising reminiscences of those who were associated with this great movement.

You had the privilege of having participated in this historic struggle and if you could kindly record your reminiscences it would be very valuable for students of history as well as for the younger generation who will be able to catch the spirit of the movement which is a landmark in our freedom struggle.

We, therefore, request you to kindly send us your personal reminiscences of the movement for publication in the volume. The script may be between 1,500 to 2,500 words and we shall be grateful if you could send us the script by the end of this month.

We will be glad to offer a token honorarium of Rs. 200 in appreciation of your valuable contribution.

We hope you will kindly accept our invitation. We shall be grateful for a line in reply.

With best regards,

Accepted. However, Requested to grant more time meanwhile upto the 12th of December. In the meanwhile trying to send it even early. 19.11.70

The Mother & Sri Aurobindo.

(Personal account and reminiscences of an inmate of the Sri Aurobindo Ashram - Shri Charupada Bhattacharya).

The people - and they are 2200 - who have come to realise the Truth given by Sri Aurobindo, have dedicated their life at the feet of Sri Aurobindo and The Mother. They work for the Ashram and the Mother gives them all kinds of material and spiritual help.

When Sri Aurobindo came from Bengal, the great patriot Late Sri Chittaranjan Das was sending him Rs.25/- only per month. Sri Aurobindo was here with few of his disciples.

The Mother came here first in the year 1914 but she had to leave for France for the First World War then broke out. She finally came to Pondicherry in 1920. As requested by Sri Aurobindo, She took charge of the Ashram and since then She is the Guru, guide, and The Mother of the Ashram. Sri Aurobindo used to address Her as Mother and has written all about Her in his book, "The Mother". The Mother is not a disciple of Sri Aurobindo. She came here to collaborate and co-operate with Sri Aurobindo and to help him in his work. She is the Mahashakti of Sri Aurobindo and is manifesting him.

She had to work very hard, She used to stitch her own clothes and used to attend many other jobs. She had practically no bed and used to sleep on a broken coach. The fan had wooden blades. Now at her guidance there are 400 buildings with multifarious centres of activities and departments. The expenditure of the Ashram come to more than 3 lakhs of rupees per month.

Both, Sri Aurobindo and The Mother used to work late at night, previously She used to visit the departments of the Ashram herself. It is due to Her encouragement the great Physical education of the Ashram has taken shape nicely. In the playground of the Ashram, She used to distribute hot nuts to all people assembled there after the daily meditation. She used to take classes in the playground and used to answer the questions of the devotees and the students. All that She spoke this way has been recorded on the tape and is now being published in book forms. She used to play on organ and used to attend all the functions of the Ashram Herself. She attached great importance to Physical exercises and She played tennis every day till the age of 82 year, used to take a walk on the sea-shore

and also in her room for about an hour and a half. She used to meet Ashram people every day and she used to come down to people both in the morning and evening to bless them. She used to work throughout the day and night with a little rest only after lunch and that too to solve individual problems, to reply to the devotees all over the world, to attend to files from all the departments and also used to attend in detail practically every small matter. It is evident from her writings that she is a highly developed spiritual personality from her very childhood. She knew that her place of work is in India and she was in Japan is some other countries before she settled here. She is completely vegetarian, take very small quantity of food including vegetable soup, little boiled rice etc.

Her Yoga is entirely different from the traditional spiritual paths of India. After the Vedic Age there was a great change in the Indian spirituality. Most probably, the Sanyasa was introduced just after Buddha who declared that this world is Maya and perhaps they did it to avoid the difficulties of the world and retired to caves and jungles, foreign invasion took place like waves and there was a great change in the Hinduism and Hindu Society also. The Ashram is a great research place, and experiment is going on about the human nature, whether it can be changed and if we can change our nature then we can change the world. Transformation of human nature and change in the physical body is our aim, so we do not bother about other things as this nucleus is sufficient for the work at hand.

The following books may be suggested for illucidation.

1. The Mother,
2. Conversation,
3. On Education,
4. Sri Aurobindo and His Ashram,
5. Adventure of Consciousness,
6. Life in Sri Aurobindo Ashram,
7. Lights on Yoga,

10. Supramental Manifestation.

My dear Dr. Hardikar.

We were very happy to receive your sweet letter of February 19. The ink in which you write your letters reflects your spirit - young and green as ever.

Raja left for Seatle on Saturday morning. All of us miss him very much. Raja looks almost an exact replica of Anna except, ofcourse, for his goaty beard.

I have shown your letter to Chandrika. I was happy to note that Chandrika, Sundarn, Shanti and Raja have discharged their responsibilities towards their late father with absolute sense of duty and dedication. There is no need for you to thank them for their donation, for, they feel they have done their duty towards Anna and you.

We are all keeping very well. Children are growing, and growing very fast, as they must. Their ideas and values are so different from ours, for they were born in free India and are growing up in a free atmosphere. In fact I often tell them what you, Mama (whom they call Diwakar-ajja) and Anna had to go through in order to ~~enable~~ making this country free. I think they are lucky chaps and I, sometimes, envy them.

I shall try to drop in at Ghataprabha when I am in that area next time, which will be very soon.

With kindest regards from Chandrika, myself and all of us,

Yours affectionately,

Hamana

Respected Dr. Saheb,

Your card of 22nd Feb. was received in time. First I thought to reply immediately. But on second thought I decided to wait till elections were over. There after so many things happened. We not only lost the elections but also the prestige.

Now we have to start from no. 1 again

Seva Dal workers did work in the election. But these elections were fought on the bases altogether different than earlier ones.

What happened in the ballot-boxes God only knows.

Now we are consolidating our bases. We are on the work again. Bhanu Joyale

I beg to be excused for writing to you so late as during those days the rush of public was very great due to the Corporation elections and after that I fell ill due to fatigue. I met Shri Inamdar only yesterday at the closing of the All-India Seva Dal Camp at Humayun Tomb here. The Seva Dal Organisation in Delhi is being looked after by Smt. Savita Bahen. She is doing her best, but it is nothing like the old days.

May God keep you hale and hearty for many years to come and shed beacon lights on those who seek in the service of the nation. I know you have a very sincere, honest and hard-working CMO who would naturally look after you and who would not! I always feel greatly heartened to get your blessings.

I have already purchased, in my own name, all the volumes of the Collected Works of Mahatma Gandhi (in English) desired by you. The volumes are: 21, and 27 to 41. I will be sending the same to you at the earliest through someone going to Ghataprabha side.

I am in receipt of a post-card dated 23rd instant. After a long lapse of time that we are exchanging letters. The reason is obvious. The new set up is there and it has started functioning well. I remain unaffected. Dikshitji is equally a good friend of mine. His deputy Shri I.K. Gujral is my older friend. Still things are not as good as they were. Times are changing and so also the attitudes. Still I carry on and have no complaint.

Respected Dr. Ghatdikar Ji,

I have received your postcard of 12th July '71. The books were sent through Shri B. Lakhegowda, Secretary, Congress Seva Dal, Madhya Pradesh Ad-hoc Congress Committee, 6, Edward Road, Bangalore-I. He was sent by Shri Inamdar to pick up the books. He had come to attend the All India Seva Dal Camp. The books were handed over to him on 3rd inst. He said that he would arrange for the delivery of the same to you himself. I hope he has done so by this time. The books were packed in two bundles properly wrapped and tied and as he is carrying them personally, they should reach you in good order.

I am improving in my health now and hope to regain it fully shortly. With your blessings and encouragement, I hope I will be doing my bit till the last for the country.

No doubt, our country at the present is passing through critical situation. We have various problems. The population is increasing every year. I am, however, quite optimistic that we shall be able to pull through all tribulations and achieve our goal. It is a hard task, but achievement of freedom of the country was also not easy.

In the freedom struggle, we had leaders of a very high calibre completely dedicated to the cause. You are one of them who have given his whole life for the nation. In spite of the fact that the same old spirit of dedication and self-sacrifice is on the wane, yet we are not leaderless. The critical situation will bring out the hidden potential and we will achieve a bigger task we have set before us as we achieved independence.

Shri Inamdar is doing his best to build up Seva Dal. I do not know what is happening in other

P.T.O.

States, but the Seva Dal in Delhi requires much hard work to bring it up to expectations.

Praying for your health and long life,

Respectfully yours,

My dear Dr. Hardikerji,

I thank you for your post-card dated the 13th instant. I am glad to learn that Shri Karmarkarji's daughter is going to be married soon. I wish all the family best of luck.

It is true I did not come on that side for long. In fact, after I assigned the work of Delhi Pradesh Congress Committee I had been having no spare time and my continued presence in Delhi has become unavoidable. I am, therefore, not moving out. I think I shall be free to do so early next year when I hope to undertake this trip.

With best regards,

Dear Dr.Hardikar,

Thank you for your hospitality during my recent visit to Karnataka Health Institute, Ghata Prabha.

Even as a student I had heard of your great services in founding Seva Dal and in the freedom struggle. At Ghata Prabha I had the opportunity of meeting you and seeing your achievement in another field, Karnataka Health Institute. Your zeal for service at your age, is an inspiring example.

I told Shri M.Sadasivayya, Retired Chief Justice, that you made kind enquiries about him. He said that it was very kind of you to have remembered him.

Dear Dr.Hardikerji,

I have your letter of 27th October. Indeed, I was very happy to acquaint myself with the several memorable developments in the institution at Ghataprabha. I could not express by words, how the institution is developed and how it is serviceable to the humanity. All the band of workers attached to the institution are krenderir service as a life mission with a zeal of sacrifice.

I wish such institutions should spring up especially in rural India, much less in our state to erradicate human sufferings due to mal-nutrition and present day restlessness.

Your guidance and service are much needed for development and prosperity of society.

My dear Hardikerji,

It is after a long time that I received your post-card dated the 3rd instant the other day. I am keeping well and am absorbed in the manifold activities including that of politics. I hope you are also keeping well. I am glad you and Karmarkarji both are closely linked with Karnatak Health Institute which is making rapid progress and Dr. Vaidya who is an eminent medical personality is also helping you with all his qualifications and experience. I wish the institution a far bigger success in future.

You are right that the country has passed through a very trying period but the leadership of Smt. Indira Gandhi has proved to be a boon to the country. She with her team of Cabinet Ministers has done something which can be called miraculous. We have now come out of the woods and we hope that the future will be brighter and we shall all divert our attention to the main object of fighting poverty which is our next goal. I shall certainly speak to Chandu Lal and he will write to you separately.

My dear Dr Hardikarji

It was such a pleasant surprise to receive your letter and to know that you would be celebrating your 84th birthday on May the 7th. I wish you many more happy returns of the day and I earnestly pray to the Almighty to enable you to complete the Century.

At this stage of life, you can rightly look back with tremendous satisfaction the great contribution that you have made in winning the freedom of our Motherland. All this progress and prosperity which we see today would not have been possible if great stalwarts like you under the benign guidance of giants like Mahatmaji, Pandit Jawaharlal Nehru and Netaji had not sacrificed your whole lives for the attainment of Freedom. Generations to come would remember with gratitude the part played by the mighty disciplined forces of Seva Dal that was organised and trained by you. That organisation has played and still continues to play a very vital role in the political and economic life of the country. As long as the Congress Seva Dal lives, the name of Dr. Hardiker would always shine like the Morning Star on the horizon of India.

I have just received your letter of 27th April. Yesterday, I sent you a letter in which I have mentioned about this subject again. As I wrote in that letter I am putting up this question before the Advisory Committee of our Trust which looks into all books to be taken up for publication.

I will find out about the Kannada book mentioned. I have not seen it, but I will let you know whether we have received a copy of that book. I have got the English book with me which was given to me before by Inamdar.

As I wrote in other letter, due to number of committees which are unavoidable I am not able to leave this place for next two week or more. But, I am proposing to come that side towards the end of May or the beginning of June definitely.

My dear Doctor,

I have been constantly enquiring about you and your health from Members of Parliament and others hailing from your area and I do not know why I even told my wife several times that we should immediately take a trip to Ghataprabha to pay our respects to you. I was actually thinking of going there in the month of June, but now your very affectionate and touching letter decides the factor. May be Mrs. Melkote will not be able to accompany me this time as my youngest daughter who is now in the 5th year M.B. and is facing an Examination from 10th May, will not permit her to do so.

I can not say today which route I would take to reach Ghataprabha. Doctor Witworth from America has come all the way and has been joined the Patanjali Yoga Research Institute for treatment. This Institute was started about five years back by me as its President and Ramanand Yogi as its Vice President. It has achieved considerable success in its activities. I have to be at Hyderabad on the 4th to attend on Doctor Witworth to assess the improvement he has been able to record. I might fly from Hyderabad to Bengalore and on the 6th, reach Ghataprabha by Karnatak Express leaving at 7-40 P.M. from Bangalore to be at Ghataprabha by about 11-30 on the 7th. It is also possible I might leave Hyderabad to Bangalore to Belguam, all by Air, on the 7th. In any case I shall keep you informed of my movements. I have been thinking, if possible, to reach Ghataprabha on the 6th itself in case I travel by Air to Belgaum either on 6th or 7th. Could it be possible to have a conveyance to pick me up from Belgaum to Ghataprabha. If Taxi Cars are available I shall hire the same in case I reach Belgaum on 7th otherwise the alternative to this may be that I catch the Bus or the Train to reach Ghataprabha. I have to be in Delhi latest by 9th morning. I may do this

either by catching the plane at Belgaum, or at Bombay on 8th. As soon as I finalise the programme I shall write to you.

The work that we are doing at Patanjali Yoga Research Institute is worth ~~to~~ know about by you. We have prepared several Slides, about 250 and I have a projector to project the same. I shall be bringing these with me. I am aware 7th would be a busy ~~time~~ day for you. Could some time be ~~arranged~~ Started for me to project the Slides and also give a talk to the audiance including the Medical men of the Institute. I feel confident that it would open the eyes of modern Medical men to the possibilities ~~of~~ for the maintenance of ~~the~~ perfect health, prevent illness and cure deseases, of many a complaint for which there is no cure available even in modern Medicine and behind all this is the Scientific Data collected from the ancient Indian Literature ~~all most~~ corroborating modern scientific concepts.

More of this when we meet. I am keeping fit and the family is doing fine.

With profound respects,

Yours Sincerely,

It is a matter of great happiness that you are still with us and doing public service all the time.

My dear Hardikar-ji,

At the very outset I would like to express my regret for the delay in replying your very kind letter. I was so busy as both the houses of Legislature were in session and later on the M.P.C.C. emergency meetings were called.

I am extremely grateful to you for your kind sentiments. I shall try to live up to your expectation and I always look forward for suggestions and guidance from well wishers and elderly gentlemen like your goodself. I deem it a duty to visit your institution and do my own humble bit in enabling your institution render greater service to the poor. I shall be writing to you again as to when it would be possible for me to visit your institution.

GOVERNOR OF WEST BENGAL

RAJ BHAVAN,
DARJEELING.

May 1, 1972.

My dear Hardiker,

I was delighted to get your letter. I have often thought of you and wondered how you are occupying yourself. I have the happiest memories of my years in Dharwar and, of course, my association with you. Much water has flowed down the river since then and most of us can look back with a sense of pride and achievement. It is a pity that your age does not permit you to undertake a journey to Calcutta - otherwise I would have liked very much to have met you and exchanged thoughts on the current scene. I wonder if you ever have thought of writing your memoirs.

After a difficult time as Food Secretary to the Govt. of India during the critical years of 1964 to 1969 I went as Lieutenant Governor of Tripura and had to deal with the massive influx of evacuees. I came as Governor of West Bengal in August, 1971 and was convinced that I must have been a great sinner in my previous incarnation to have been given yet another tough assignment! Luckily, the situation improved during my stewardship and West Bengal, which at one time appeared to be a lost State, is back on its feet again and can look forward to the future with hope and confidence.

I do hope that God will endow you with an abundance of health and happiness in the evening of your life. I am sure He will keep you for many more years to come.

With warmest regards,

Yours sincerely,

Revered Sri Kardikarji,

It was a pleasant surprise to have your letter of the 24th instant. The letter touches the heart as it is full of pathos but I do admire the spirit with which it has been addressed to many of your friends - old and young.

Often have I though about you and was thankful to my Seva Dal comrades for having given me an opportunity to have your Darshan at Ghataprabha about a year ago. After going through your letter I feel like rushing to Belgaum but I am helpless as I have to be in Delhi till about the end of May.. How I wish I could spend a few quiet days in your holy company. I will try to be there some time in the very near future.

My wife and children are in Mysore; mother is more often in Bangalore these days. Delhi is as usual, full of activities.

My dear Dr. Hardiker,

It is a pleasant surprise to receive your letter.

Please accept my best wishes for a long and healthy life. It is really inspiring to come in touch with old colleagues and leaders who have devoted the best in them in the service of the country.

I remember very well the day when I first met you at the Kanpur Congress Session in 1925 when you asked Lala Lajpat Rai to unfurl the national flag. I think it was for the first time that the national flag song - JHANDA UNCHA RAHE HAMARA - became so popular later on. Lalaji used to talk about you very highly off and on to us, the members of the Servants of the People Society.

You will kindly excuse me if I say that the world has not been fair to you. You deserved a much higher place. Anyhow, this is so with many others also and we have to rest contented with what we have been able to give in the service of the country and not about how the country has recognised our services.

I am very anxious to meet you but there are limitations and I do not know if I will be able to reach you in the near future.

Again wishing you a healthy life.

With best regards,

Yours younger brother

I have to apologise to you for the inordinate delay in replying to your kind and affectionate note of April 25. The tone and contents of your letter reflect ~~the~~ spirit of resignation to the will of the Almighty. People like me, who have received so much of affection from you, however, would pray for your long life. May God Almighty spare you for us for many more years to come.

It would indeed give me the greatest pleasure to visit Ghataprabha once again while you are there. I will try to snatch an opportunity as and when I can do so. Meanwhile please accept my best wishes and respects,

My dear Dr.Hardikar,

I have received your two letters during the past several weeks. Both of them have given me strength in my onerous task which is assigned to me by our worthy Prime Minister - Smt.Indira Gandhi. My hands were too tight for time soon after the elections and my assuming office as Chief Executive Councillor. I received thousands of letters and they have not been cleared yet. It was during this period that your two letters were received and could not be attended to as fast as I wished them. I hope you will not mind this delay and feel sure that I am your camp follower and appreciate the good wishes, blessings and congratulations which you have showered on me on this occasion. I know the responsibilities are very heavy and they cannot be fulfilled well unless I have blessings and good wishes of friends like you. They give me such strength as I need at this moment.

Kindly accept my regards and convey them to Dr.Vaidya, Shri Karmarkar and others.

I am recovering from my recent illness and propose to stay quite for atleast another month without launching myself into the routine work. I will write to you in detail about my activities some time later.

Dear friend,

When Sri. Diwakarji met you at Col. Manjundaiya's residence, he thought that you would be happy at Ghataprabha and he recommended the same to you. It was made very clear to you that the Karnatak Health Institute was a countryside medical institution and that it does not provide ultra modern or even modern amenities. You were also told that if you require any additional amenities, you should provide yourself with the same at your own cost and with your own effort. The place was recommended to you in the hope that you would be happy in the midst of friends and colleagues, who are devoted to public service.

It is also obvious that you ought to be content with the services available and that you should strictly conform to the discipline of the institution. Since you do not seem to appreciate these normal factors, I am anxious that you should not be unhappy by continuing to stay there.

Please therefore make immediate arrangements to shift yourself from Ghataprabha to a more congenial and comfortable place of your choice. Please treat the matter most urgent.

June 5, 1972.

Respected Doctor Sahib,

I received your loving letter of 29th April 1972. When I received your letter, I was busy in the High Court in the petition case filed against me by the defeated candidate in the Lok Sabha elections of 1971. The case was at the final stage of arguments.

The petition had consumed a lot of my time, diverted my attention from my normal work and many a times kept me on tip-toe. There was day-to-day hearing for almost about 5 months. The days were spent in the Court and the nights with the legal advisers.

After a year's hard work, the judgment was pronounced by the Chief Justice of the Delhi High Court dismissing the petition with costs. I felt as if I had won the elections only on that day. It was a great relief. I did not wish to reply to your letter under strain. Hence the delay for which I pray for pardon.

It gives me a pain to read of your physical inability to undertake journey and to read "the sand of time is running fast", but that is only for a little moment. When I look back the way you have spent the past 84 years of your life, the pain disappears. You have given the best you had to the men who came in touch with you and to the country for which we are all proud. I pray God to give you health and strength and many more returns of the day to guide us with your ripe experience. I shall avail of the earliest opportunity to come to Ghataprabha and pay my respects.

With kindest regards,

Affectionately yours,

My dear Shri Hardikar Ji,

I received your post card of 15th instant. I am sorry you did not get my reply to your previous letter. I do not remember to have received any letter from you which I did not reply. Maybe that either your previous letter misplaced or you did not get my reply. We have a very extensive programme for the Silver Jubilee Celebration. You will find a copy attached herewith.

With my new assignment, I am keeping extremely busy. In fact, I feel that I am stuck up here because the responsibility is great and I cannot leave the town. For the past three years this has been my fate. But I am happy that I am able to do something for our leader and policies and programmes which we have chalked out for progressive socialism in the country. I hope you are keeping well and so also Dr. Vaish and Shri Karmarkar and others. Kindly convey my best regards to all.

I am glad to learn from my senior congress leaders that Sri Lal Khan Hussain Saheb Jagi was a devoted nationalist and had taken part in the freedom struggle and that he was supporting in the Congress acties. He was specially active in the movement of picketing of Toddy shops in Hubli, during the years 1920 to 1935.

Now he is settled down in Bangalore. He is very poor. Hence I recommend that his case for a pension as a political sufferer may be considered favorably.

Many thanks for your letter of September 27.

I do not remember having received any letter from anybody to which I have not sent a reply though sometimes after some delay. I cannot imagine my not having replied to your letter. I shall, therefore, enquire about it.

If you think that a visit to the Institute will be really useful from the view-point of general public interest, I shall certainly spare one day for the purpose but it should be possible for me by air/train/car journey to return to Delhi within not more than 36 hours, including two nights and one day. Meanwhile, I shall thank you to send me some literature giving an idea of the kind of work the Karnatak Institute has been doing over the years.

I am grateful for your invitation to spend a few days for rest at the institute but believe me it is not practicable.

Dear Dr.Hardikar,

At the outset, please let me express my deep appreciation about the work you have done in Ghataprabha. You have dedicated your life to the service of the humanity in such a fine place which is away from the maddening crowd.

As promised to you, I have requested Sri H.Siddaveerappa, the Hon'ble Minister for Health to spare a day atleast to pay a visit and to have the first-hand knowledge about the Health Institute. Besides, I have also requested Shri M.Y.Ghorpade, Hon'ble Minister for Finance to pay a visit to your Health Institute on which day you can explain to him about the Sales tax etc. I hope they will be able to understand your difficulties and solve your problems expeditiously.

Whenever I tour that area, I make it a point to visit your Institute without fail, when I will have the pleasure of meeting the band of dedicated doctors and the staff.

Your postcard dated the 10th October last was to hand. It was so nice of you to have remembered me. I am keeping quite fit and am attending to my new job, which is challenging, as best as possible.

Public life in the country is detriorating and black-mail and character assassination are two big factors which have come in public life. All the same, we have to carry on our work without fear and favour against heavy odds and be firm and honest.

Chandulal is also doing well. I am glad the work of Karnatak Health Institute is progressing well. It would be nice if you get Sri Uma Shanker Dikshit, Health Minister and a senior Cabinet Colleague to visit your institute. I am sure Dr.Karmarkar still continues to help you and the Institute. How about Dr.Vaidya? Please write to me as often as you like.

Of course, Delhi has complex situation - politically and otherwise and one has to face challenges every day. The problems are also many which are deprived of solutions.

Chandulal is working with the DPCC so far. He remains very busy. I will tell him to write to you. He is your loyal and faithful disciple.

You are right to say that days ahead are bad enough. Drought conditions in several States are making the situation worse but we are hoping against hopes and looking for a better future.

I am sure your Institute continues to grow in size and service. Please convey my greetings and good wishes of the Season to Dr.Vaidya, Sri Karmarkar and accept them yourself.

Dated the 30th April, 1973.

My dear Doctor,

Your letter dated 13.4.73 reached me after the meeting of the Grants Commission was over. It took place on 17th March 1973. Under the circumstances I could not raise the issue that you have mentioned of your Institute at the time of the meeting. There was one item for consideration pertainin to the K.H. Institute, Ghataprabha wherein the grant of 32,717/ for equipment was considered and the Director General stated that this grant should be accepted as the Institute was doing very good work. I supported him. This grant in question which has been formerly withheld would now be released subject to the clearance of the D.G.H.S. The minutes of the above meeting has been circulated dated 25th April which reached me on 27th. Since the Director General himself has recommended the sanction and the minutes has now come back approved by the Health Ministry, I am sure you can expect the release of this grant at an early date. On the question of the Elevators for a grant of 1,50,000/= as well as a grant of 90,400/= for Blood Bank Incubator and surgical equipment for Thoracic Unit as well as the rise in cost of the Elevators were not considered by the Grants Commission as they have not been included in the Agenda. I am persuing the subject and shall let you know how the matter stands now.

I am really very sorry I did not write to you after my visit to you about the 15th of January as I was keeping myself extremely busy in preparing the report for submission to the Government of Mysore with regard to the Development of the Indegenous System of Medicine. I sincerely regret for the same The Interim Report that I have already submitted has not been published as it is being vetted for proper presentation to the public by the legal department of the Govt. of Mysore. But I would like to tell you in confidence that I have recommended the Ayurvedic College at Hubli to be taken over by the Governme immediately with all its assets.

My youngest daughter has to appear for the final MBBS about the end of June this year and as I am constantly away fro Hyderabad necessarily Mrs. Melkote has to stay back to look aft her. I shall try to bring them both to Ghataprabha some time i August or September,

Hope you are keeping fit. With Pranams.

This is also a reply to Dr. Vaidyals leeter that has been enclosed. My compliments to him and others.

MINISTRY OF HEALTH
INDIA
NEW DELHI

May 5, 1960.

Dear Sir,

Kindly refer to your letter dated the 28th April, 1960, addressed to Shri D.P.Karmarkar, Minister for Health, Government of India who is at present on tour abroad. The Health Minister has already replied to Dr.Vaidya's letter of the 13th April, 1960, as per copy enclosed.

Yours faithfully,

D.O.No.F.26-4/60-HM

April 26, 1960.

My dear Dr.Vaidya,

Kindly refer to your letter No.926/60, dated the 13th April, 1960, regarding the surgical instruments proposed to be sent to India by Dr.Hitschmanova of Canada.

No speical permission is necessaryin regard to the despatch of surgical instruments etc. from abroad to any institute or hospital in India, except that the normal formalities of obtaining an import licence etc. have to be gone through. The position in regard to the exemption of the goods from the customs duty is as follows:-

Exemption from customs duty on free gifts of consumable stores i.e. food, medicines, clothing etc. sent by philantrhropic institutions and individuals abroad to charitable institutions in India is granted by the Government of India in the Ministry of Finance (Department Revenue) on an application from the parties concerned, subject to the condition that the gifts are distributed free of cost for the relief of the needy and the poor irrespective of any distinction of race, caste or creed. This concession is, however, applicable to consumable stores only. In respect of non-consumable medical stores like ambulances, X-ray equipment etc., the Ministry of Health consider requests for reimbursement of customs duty, on gifts received by charitable institutions in India. Such requests should be sent by the institutions concerned to this Ministry duly supported with full details regardir the work done by them, along with the original receipt for the import duty paid by them. The institutions seeking reimbursement of the customs duty paid by them are also required to furnish a certificate from the donors that the equipment has been sent as a free gift along with another certificate showing that the equipment will be used for the relief of the poor and the needy irrespective of race, caste or creed.

Yours sincerely,

२) दुसरी गोष्ट अशी कि. आमचा जिल्हा हा स्वावलंबी आहे. आर्थिक अडचणी भासू नये म्हणून ७ मे १९७३ साली आम्ही पंढरपूरच्या सेवादल कार्यकर्त्यांनी "इंदिरा सहकारी सोसायटी" स्थापन केली आहे. सेवादलाचे निष्ठावंत कार्यकर्ते डाकतिल गोळा झालेले आहेत. दरमहा १० रु. प्रमाणे शेअर्स घेतले जातात. आपणासारखे आम्हास स्फूर्ती मिळाली. आमच्या या सोसायटीचा प्रथम वर्ष वर्धा व आपल्या वाढदिवसाचा कार्यक्रम फार मोठ्या प्रमाणात साजरा करण्यात आला. सर्व कार्यक्रम यशस्वीरित्या आहेत. ७ मे १९७४ रोजी सकाळी ८।३० वाजता येथील वयोवृद्ध कॉ. कार्यकर्ते स्वातंत्र्य सेनानी दे. भ. श्री. ग. वा. उर्फ बाबूरावजी जोशी यांचे शुभहस्ते ध्वजवंदनाचा कार्यक्रम झाला. बौद्धिक - खेळ इत्यादि कार्यक्रम पण झाले हे कळविताना फार आनंद होत आहे.

३) पंढरपूरला सेवादलाचे वाचनालय आहे. वाचनालयास "दल समाचार" दल सैनिक, कॉ. प्रकाशन व सेवादल प्रकाशन पुस्तके विनामूल्य मिळतात. - वाचनालयात आपण लिहिलेली कांही पुस्तके सेवादल प्रकाशन पुस्तके असणे जरूर आहे. तेव्हा वाढदिवस विशेषांक व इतर छोटी छोटी पुस्तके पाठवावीत ही विनंती. त्यामुळे कार्यकर्त्यांना त्याचा जरूर फायदा होईल. अधिक मार्गदर्शन करावे. वाचनालय मोठे चालावे अशी माझी इच्छा आहे. प्रयत्न करीत आहे. आपण पण मार्गदर्शन व सहकार्य करावे.

४) * ६ मार्च १९७४ रोजी नव्या पेठेत ऑईल मिलला आग लागली होती. आगीत मिलची यंत्रसामुग्री, तेल जळून गेले. अशावेळी शेजारच्या १।२ इमारतींना व सेवादल कार्यालयाच्या इमारतीस आगीची झळ पोचली. - या संकटाचे समयी सेवादलाचे रेकॉर्ड व इतर फर्निचर आदि साहित्य काढणेसाठी प्रथमतः सोपानदेव नागटिळक, श्री. राजेंद्र माने, कोरले श्री. औदुंबरराव देशमाने यांनी माडीवर जाऊन सुरक्षित ठिकाणी आणून ठेवले व सेवादल रेकॉर्डचे व अमूल्य सैनिक इतर साहित्याचे संरक्षण केले. आग विझविण्याचे कार्यात सहकार्य केले व पुढील नुकसान टळले.

My dear Hardikar Ji,

I have your affectionate post card dated the 25th April last. I am glad you are sustaining your strength and doing useful work at Ghataprabha. Our Chandu Lal had an attack of paralysis and is still in bed. Unfortunately, he is getting weaker and weaker. Let us hope he lives long and his present ailment is over soon.

Friend Inamdar has written me several letters. He is having a big project in your memory. I wish him all success.

I am, presently, over burdened with so many responsibilities and, therefore, I get no time. All the same, you are ever-remembered and I get inspiration every time I receive your post card.

Please convey my regards to Shri Karmarkar Ji and Dr. Vaidya Ji and accept yourself the same. All is well in Delhi. Of course, there are problems which are not only in Delhi, but all over the country and rest of the world. We have to face them courageously and sustain ourselves in spite of all of them.

With regards,

Yours sincerely,

HUBLI
Date: 30-5-1973.

Respected Dr.N.S.Hardikar,

Excuse me for long silence. I have received your letter dated 25-5-1973 and the contents therein were noted. I feel it is a great pleasure for me to work as per your directions and serve the Institution and the Public in general.

I do very well realise the help and co-operation rendered by you to my father, and it is you who made him a big man. You are also responsible to bring name and fame to our family. This great help, I cannot forget and I am always at your service. Whatever you order or direct to me, I will put all my heart and strength to fulfil your desire.

I had met Hon. Minister Mr. Ghorpade and favourable orders have already been passed regarding the Canteen at your Institution. But unfortunately the Finance Secretary who is ill and has taken 8 days leave, the execution of the order could not be made. Immediately after he resumes his duties, I am sure, he will finally pass the order by putting his signature for which you need not worry.

I have admitted my mother in Dr. R.B.Patil's Hospital and now she is recuperating. As desired by you I will visit Ghataprabha along with my friends, after the closer of the Assembly session.

I hope that you are keeping good health and your valuable services should be more beneficial to the Karnatak in special and the Country in general for many more years to come.

With kind regards,

Yours sincerely,

My dear Dr. Hardikar,

A week or so after we met you in Ghataprabha, Chandrika and I went through a virtual nightmare. My daughter, Sweeti, had an acute attack of appendicitis. When she complained of pain, vomitting, diorrhea the Dharwar doctors treated her for routine stomach upset for the first two days and gave her purgatives. It is only on the third day that Sweeti was put under surgical care. By the time she was operated upon the appendicitis was burst inside and the poor girl passed through a very critical period. I had already left for Harihar and sent the car back to Chandrika and children to come to Harihar. Instead of their coming, I got a message about her critical condition and immediately rushed back to Hubli. We had there for nearly ten days. Luckily for us she pulled through the crisis and she is quite all right now.

We will be leaving for Delhi tomorrow evening. Chandrika is going to London on the 8th of June. I expect to be back in Bangalore and then near your area some time about the middle of June. I shall try to come and see you again.

We really enjoyed every moment of the time we were able to spend with you, talking of the old times and the old friends - some very close friends and other notso-close friends. Looking back I some time feel that it was your blessings and her and our luck that saved Sweeti, for there is no other explanation for it. My darling uncle was very much present in Hubli, but he did not consider it worth his while to condescend to spare some time to come and see Sweeti, who has been dearest to him. The vast changing pattern of human nature and behaviour is most intriguing to simple minds like mine. However, I have leart to take everything into my stride.

With affectionate regards from all of us to you and pray for your good health,

Yours affectionately,

Hansma

Pranam,

Now my father desires to apply for the Pension given to the Freedom Fighters. I have the enclosed certificate (copy attached herewith) in my ~~pension~~ Posession. But the people dealing with the subject say that it must be accompanied by a certificate from the Member or Ex-member of Parliament fully knowing him. So kindly send me the required certificate at the earliest as possible. The last date for receiving the applications is 30th of this month. We will have to apply before that date.

My dear Dr. Hardikar,

I was in Belgaum earlier this week and had intended to call on you and renew our old friendship. Unfortunately, my whole programme got upset because of the uncertainty of the flight from Belgaum to Bangalore and for certain personal reasons, it was essential that I should be in Bangalore on a particular day. I therefore came by road and this badly cut into the time available to me.

I was delighted to hear that although you are 85, you are fit and well. It is my intention to come to Belgaum again in the near future, and I propose to give myself sufficient time to pay a visit to you, irrespective of whether the Indian Air Lines co-operates with me or not.

I am glad to tell you that although I had a bad heart attack in February 1971, I am fully recovered and I am fit and active again. I have naturally given up some of my commitments, but have retained enough to keep me interested in public affairs.

With kindest personal regards,

Yours

Dear Dr. Sahib,

I am myself, amused to see the letter addressed by the Directorate of Food and Civil supplies to the Dy.Commissioner, Dharwar. It is unfortunate that the Director for the State of Mysore does not know the jurisdiction of districts, ~~while~~ we have to work with these people finding fault with any one.

I am sorry to know that ~~in respect~~ inspite of your writing letters to the Ministers and others nobody has bothered even to send a reply to you. If this is your experience, what would be the position of the common man, God help him.

I am addressing a letter to the Director, copy endorsing to the Dy.Commissioner, Dharwar, Dy.Commissioner, Belgaum. I hope some action will be taken.

We have been thinking of you and Ghatprabha for a long time since my Session for the first time in the history went on for more than 3 months, I was tied down in Bangalore. Now since I am free, we shall make a trip to Ghatprabha to pay our respects to you.

Dear Dr. Hardikar,

I find from the pamphlet of Golden Jubilee Celebrations of Seva Dal Movement that you have already passed four score and 5, more than the biblical age. You are still active and have maintained your humour. That will give you a few years more of service to the community and the nation. I just got the pamphlet. I did not know about the celebrations, otherwise I would have at least sent a wire of good wishes. I humbly pray to God that He may bestow on you many more years of active and useful life. Yours has been a life of continuous dedication. A few in the country can live up to that ideal. I hope this finds you in the best of health and cheer.

My Dear Doctor,

I have your card of 30-6-73. It reached me only on the 5th of July.

Age has its revenges and one has to submit to them willingly smilingly, so that this spirit could act as "shock-absorber" !

I have noted what you have said about rumours due to the activities of some persons.

I am here for 2-3 days and would be in Belgaum on 15th and 16th for legal purposes.

Things are not bright for any body and the least for newspapers. Newsprint is not only dearer by 25-30 percent, but it is short and scarce by about 30 percent.

Thanks to Govt. policies of trying to import every thing through State Trading !

Please do not bother about your memory. ~~Fact~~ Feel relieved that you have less to remember ! I am told our brain cells do not renew themselves as before.

With best regards to Dr. Vaidya and all there.

Yours Sincerely,
R. R. Diwakar

Dear Dr Hardikar

As you are aware the Jawaharlal Nehru Memorial Fund has undertaken two major schemes, the publication of the Selected Works of Jawaharlal Nehru and the preparation of an authentic archival/documentary film on Jawaharlal Nehru. The success of these two projects will depend upon the material we are able to collect from those possessing Jawaharlal Nehru's letters, photographs, film shots and his voice in tape, as well as any material having a bearing on the struggle for India's aggainment of freedom.

I do not know if you have been able to preserve Jawaharlalji's letters to you. If you are able to trace them as well as old photographs connected with the freedom movement, I would request you to forward them to the Fund as they will be a valuable addition to the material which are being collected and preserved at the Teen Murti House.

I hope you are keeping well.

My Dear Doctor,

I was almost thinking of going to meet you but my eye-operation is calling ~~him~~ me urgently to Bangalore. I had to come here for some essential work.

Sometime back I had written to Shri M.H.Koujalgi, Secretary of the Hanumantrao Kaujalgi Trust to accept my resignation as Chairman. This I did after telling him 2-3 times orally.

Since you are the eldest of us three in that Trust, I appeal to you to get a resolution passed in the said Trust relieving me.

In addition to my earlier reasons of not being able to take interest, and my policy of withdrawing from the Nidhi etc., I think I should be saved from the embassing position of the Secretary ~~Society~~ of this Trust deposing against his chairman in another Enquiry, as one who is acting as an irresponsible person without any powers to act.

This relief should be given to me before it becomes necessary for me to declare that I am no longer chairman and only the remaining members constitute the Trust.

I am sure you are in the best of health and cheer.

Yours Sincerely,
